

Northern Virginia Regional Science & Engineering Fair

Numbering System

Each exhibit number consists of three parts:

- Grade level
- Category
- Sequence number within category

Example: 8 PH 139

8 = Grade

PH = Category

139 = Sequence number

Category Codes

BE -- Behavioral & Social Sciences

BI -- Biochemistry

BO -- Botany

CH -- Chemistry

CS -- Computer Science

EA -- Earth & Space Sciences

EN -- Engineering

EV -- Environmental

MA -- Math

ME -- Medicine & Health

MI -- Microbiology

PH -- Physics

ZO -- Zoology

NOTE: Projects completed by two or three students are considered Team projects. These are displayed in the appropriate subject category and are placed immediately after the individual student projects for that grade level. Individual Project Number Cards are green; Team project Number Cards are yellow.

Junior Level: Grades 7 - 8

Senior Level: Grades 9 - 12
