## Message from the Superintendent

Dear Lifelong Learners,

The Arlington Community Learning Program has adopted the slogan "Where Learning Never Ends!" and this saying applies in the summer too. For this reason, we have made over 100 classes available in the month of July and August for you to choose from. Registration is now open, so do not hesitate to flip through the pages of this catalog and choose something you would like to learn.

We are dedicated to making community classes affordable, accessible, educational and engaging. We are fortunate that many of our instructors live right here in the county and serve as industry professionals in areas such as information technology, finance, real estate, education, music and construction services. This helps to build community when we bring together Arlingtonians as instructors and students to keep the learning going.

As always, we value your support and feedback. If you have any questions or suggestions, please reach out to Raul Matos via email at [raul.matos@apsva.us](mailto:raul.matos@apsva.us).

Best wishes for a safe and enjoyable summer!

With appreciation,

Patrick K. Murphy, Ed. D.  
Superintendent,  
Arlington Public Schools

## Youth Enrichment Classes

### Make Your First Video Game!

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D game. Conceptualization, play experience, challenge levels, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary, just a desire to have fun. Student created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers. Mac versions can be created after the program for \$15.00 conversion fee. Students will work in teams for most of the program. 5th to 8th graders.

Tuition: \$250

BE244AY Syphax 115 07/17 Mon-Fri 1p 5 - 3 hr

BE244BY Syphax 108 08/21 Mon-Fri 1p 5 - 3 hr

### Minecraft Designers

If you love the game Minecraft, but always wanted to design your own characters and buildings for your games this class is for you! Learn the basics of creating 3D models using a new software to design your very own objects, create skins for characters, and import them into your favorite Minecraft games. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console version of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in teams for most of the program. Geared towards 5th to 8th graders.

Tuition: \$250

BE245AY Syphax 101 07/10 Mon-Fri 9a 5 - 3 hr

BE245BY Syphax 115 08/21 Mon-Fri 9a 5 - 3 hr

### Minecraft Modders

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mod! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a Black Rocket website to share with friends and family. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console version of Minecraft are not compatible. Students will work in teams for most of the program. Geared towards 5th to 8th graders.

Tuition: \$250

BE246AY Syphax 115 06/26 Mon-Fri 9a 5 - 3 hr

BE246BY Syphax 115 08/07 Mon-Fri 1p 5 - 3 hr

### App Attack!

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary and students do not need to own a smartphone or tablet to take the class. Students will work in pairs or teams for most of the program.

Tuition: \$250

BE247AY Syphax 115 06/26 Mon-Fri 9a 5 - 3 hr

BE247BY Syphax 115 08/07 Mon-Fri 1p 5 - 3 hr

### Typing Skills for Children

Learn beginning keyboarding skills on a personal computer. Emphasis is placed on mastering the keyboard using the touch system.

Tuition: \$79

BE406Y Syphax 105 07/11 Tue 4:30p Joseph 4 - 1 hr

### Robotics with the Arduino - For Teens

Students will build and code an autonomous vehicle. Starting with no prior knowledge, we will learn the basics of the Arduino "brain" and controlling motors for navigation. Then we attach sensors so the robot can react to touch and light. Students purchase their robot (\$170) in addition to the tuition. It is the same kit used by many universities as well as some Arlington schools. The small group will be led by a teacher of robotics and coding in Arlington Public Schools.

Tuition: \$599

BE553Y Syphax 117 07/10 Mon-Fri 9a Kauffman 5 - 7 hr

### Robotics Introduction for Ages 9-13

Your child can learn the fundamental practices of programming by using a small, fun robot. Students will conceptualize outcomes and then program for the result, frequently a design marked by the robot's pen. An emphasis will be on developing an intuition for troubleshooting. The code will be an easy block language popular with young first-time coders (or viewed in text format for MS students). The course is ideal for child & parent co-registration. The robot costs \$180; one can be shared by several friends. The same robot is used in some APS schools.

Tuition: \$379

### How African-Americans Won the Civil War

At the beginning of the civil war the majority of African Americans were enslaved and only white men were allowed to enlist in the US army. In 1863 this changed and eventually more than 200,000 black men served in arms. In addition, hundreds of thousands of civilian refugees from slavery, known as "contrabands," worked as non-combatants. This class summarizes their decisive role in the defeat of the rebellion, and briefly touches on the history of "United States Colored Troops" raised in Arlington and the District.
