## BluePreferred High Option Plan 90/70 Summary of Benefits

Note: Allowed Benefit is the fee that participating providers in the network have agreed to accept for a particular service. The participating provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges \$100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept \$50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to \$50.

\* No copayment or coinsurance.

- 1 When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.
- 2 In-network: When covered services are rendered by a provider in the Preferred Provider network, care is reimbursed at the in-network level. In-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment for covered services. These payments are established by CareFirst BlueCross BlueShield (CareFirst), however, in certain circumstances, the Allowed Benefit for a Preferred Provider may be established by law.
- 3 Out-of-network: When covered services are rendered by a provider not in the Preferred Provider network, care is reimbursed as out-of-network. Out-of-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment of covered services. These payments are established by CareFirst, however, in certain circumstances, the Allowed Benefit for an out-of-network provider may be established by law. When services are rendered by Non-Preferred Providers, charges in excess of the Allowed Benefit are the member's responsibility.
- 4 For family coverage only: When one family member meets the individual deductible, they can start receiving benefits. Each family member cannot contribute more than the individual deductible amount. The family deductible must be met before the remaining family members can start receiving benefits.
- 5 For Family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit.
- 6 Plan has separate out-of-pocket maximums for medical and drug expenses which accumulate independently.
- 7 "Telemedicine services" refers to the use of interactive audio, including audio-only telephone conversation between a health care provider and the Member when required by law, video, or other electronic media used for the purpose of diagnosis, consultation, or treatment. Use of e-mail, online questionnaires or Fax is not considered a telemedicine service. Providers will use their professional judgment to determine if a telemedicine visit is appropriate or if an in-person visit is required.
- 8 CloseKnit is a registered Trademark owned by, and is the trade name of, Atlas Health, LLC. Atlas Health, LLC d/b/a CloseKnit does not provide Blue Cross Blue Shield products or services and is providing telehealth services to CareFirst members.
- 9 Members who are unable to conceive have coverage for the evaluation of infertility services performed to confirm an infertility diagnosis, and some treatment options for infertility. Preauthorization required.
