

REEP ESL Curriculum for Adults

ACKNOWLEDGEMENTS

The REEP ESL Curriculum for Adults online is a living resource, continually reviewed and revised as we learn more about the changing needs of our students and how to better support them in achieving their goals. Since 2000, many REEP staff have shared their time and talents to make the ESL Curriculum for Adults online a reflection of the best the field has to offer, readily available and accessible on any device, through many phases of content development, implementation, and web design.
