

DREW MODEL SCHOOL VISIONING PROCESS

You're invited...
**Help APS recommend a vision
for the future of Drew Model School!**

The APS School Board seeks to listen to the voices of students, parents and community stakeholders to help define a vision and recommendations for the future of Drew Model School.

Questions for discussion:

- What is the vision for Drew Model's students as we strive to provide the best possible learning environment?
- What do we, as the Drew community, want to be and do in the future?

MEETING 2: Taking a Closer Look

Date:	Thursday, December 8, 2016
Time:	6:30 – 8:00 PM
Location:	Drew Model School; Multi-Purpose Room 3500 S. 23rd St., 22206

This is a follow-up meeting that builds on the ideas shared at the October 24 community meeting: the importance of creating a school that focuses on students as communicators, collaborators, critical thinkers, creators, and global citizens. At the December 8 meeting, we will look at a variety of school models where these attributes are a focus of the work.

We hope to see you there!
