Results are not reported for groups of fewer than 3 students.

Source: VDOE OGR Cohort Report, 9/08/2016

(*1) The Graduation Cohort has been adjusted; non-graduating special education and LEP student have been moved into the next cohort and are not included in this cohort.

(*2) On-Time Graduates includes all students who have earned an Advanced Studies, IB, Standard, Modified Standard, Special or General Achievement diploma.

(*3) Still enrolled students are non-graduates, non-completers who are still enrolled in school, working towards graduation.

(*4) Unconfirmed students are included in the dropout and had records properly reported to the state, but VDOE considers the status inconclusive. The state does not have evidence that the student graduated, earned a GED, or transferred out of public education or dropped out of school.

(*5) Dropouts represents all non-graduates, non-completers who have discontinued school AND Unconfirmed students. These students have not earned a credential and are not enrolled in school at the time of this report.
