

Boundary Changes

Consider North South boundary bands for H.S.

Consider those already moved in a prior boundary change

Montessori move
- ~~based~~
- with K-8 model how does actual of transition out of Montessori look?
- with K-8 model what do after school programs look like?
- with K-8 program, what options are there for classes offered?

ARE you planning to move any more in the program
Diversity + inclusion at the heart of it
is a key priority

Letting schools
are going to be
neighborhood schools
any time soon?
- Special Education
Program should be less
restrictive

How many students
in the walk zone
actually walk?

Walkability
😊

Voluntary
1st yr

More information
about all the
different school
and programs
to better navigate
the system
speaking for New
Parents.

Pilot Program
Barcraft
to be
country wide

Plus

Maximize walkability

(to schools) at the elementary

+ middle school level, for three

reasons:

1. High traffic benefits to kids
2. Stronger / more diverse community
3. Reduces safety for APS

Timeline: 2023-2024

Please keep

Henry boundaries

in fact

Integration

- Equal distribution
- of the free + reduce
- lunch population
- across the district

Do not use

neighborhoods that
pushen to walk
to Middle School

MNS + HS move
to a "Cambridge"
history/geography
assignment ~~process~~
vs address

considers
extra-curric
in planning
with families

Keep Henry (new
Fleet) boundaries
intact! Our children
and teachers richly
benefit from the
diversity that results from
the current boundaries

Please allow 8th
graders to finish their
final year at their
current school

Will trailer classrooms
stay at Patrick
Henry Elem after
the Drew Members
move in 2019?

MONTESSORI MOVE

- great idea to focus
help for neighborhood
traditional program
with troubled performance
at Drew
- great for the
neighborhood to be
finally heard.

Will students who
attend Thomas
Jefferson as an
out of bands transfer
in the IB program
be able to stay out
TIMS when the
standards change

MADISON MANOR
Kids Can Walk To
Swanson. They Cannot
Walk To Kenmore. As
the Main bus route
of Kenmore to S.

East boundary change
Keep walkers walking,
please do so again
with this MS boundary
change.

Please do a research
in building
Middle School &
High School together

①
Consider cumulative
effect of boundary
changes on neighborhoods
They are disruptive,
possibly exempt p. units

②
from MS. boundary As
if they were more
west coast. (H.S.)

Montessori move
is good for
Nauck and
Montessori

Will
Montessori
ever progress
to high
school

Kids should be
able to walk to
neighborhood
schools and not
be on a bus 30
min to 1 hr.

X2

meaningful
inclusion for
all students
at all schools

↑ Hiring +
training
of dual
certific
staff

New HS need to be
comparable to other
new HS including pools
and sports

How will Drew
Montessori more
impact
students there?
will school site
at Henry change?
