

The proposed changes

- Will not apply to students already attending an option school as of June 2018.
- Will apply to students seeking
 - admissions to an option school OR a transfer to another neighborhood school
 - Effective for 2018-19 and subsequent school years

Strengths	Challenges	Other Thoughts
		Assume by option and neighborhood you also intend to include cluster team and other hybrids in this
Yes, start as soon as possible! Claremont is waaayyyy too overcrowded.		
		Students already attending a school should be able to finish our their entire education years at that school. It should only apply for new incoming class and subsequent years.
	Siblings of students after the 2018 change.	
	The phase in should be significantly farther out in the future, to allow families and neighborhoods times to adjust.	
None	This is too soon. Not enough time for families to move to a different neighborhood to get their kids into the schools they want to attend.	Please bump the dates out 3 more years to give families time to move into their desired school boundaries after the policies change.
		Bad
		too soon epecially when families live in area they live in with long term of perspective for their children to attend the schools they moved into with the options that are currently available.
Yes. Do not make any changes until after the 2017/2018 school year.

I agree that children already admitted to programs should be grandfathered and not moved based on this policy change.		
ok		
generally sounds good	transition: please grandfather existing ASFS families, incl siblings, and provide transportation	
		Fine
none	none	seems fair
		Students at ASFS must be grandfathered in and allow siblings to attend as well.
Limits application of proposed changes	Eventually imposes proposed changes	
		Siblings of concurrently enrolled students should be grandfathered into the current school
		Please do not make students change schools that they have been enrolled in thus far.
		No issue on timing.
		All current ASFS students & their siblings should be allowed to attend the school moving forward, not just given "preference"
ok		
		Would like additional clarification on what the status of students enrolled at ASFS as of June 2018 whose "home" schools are Jamestown and Taylor.
Grandfather all children and guarantee that they can remain at the school they are enrolled in as of June 2018.

None	As a parent I feel strongly that this change limits my choice and would essentially require my children to attend the neighborhood school which I do not support.	
	siblings must be gauranteed admisssion to the same school.	siblings must be gauranteed admisssion to the same school.
		Please make sure all kids are able to stay at the school they are currently enrolled in. So not kick any child out.
?	?	I don't understand how they target years are established. What is it based on?
		Thank you and hallelujah. I have two kids in an option school, and I need to know I won't have to pull them out.
		I would push it out more...and make major changes before it is adopted
		fine
None. You should grandfather in current students.	It would be highly disruptive to make students move from one crowded school to another crowded school just for the sake of policy symmetry. Roll out the changes gradually so that parents have sufficient	These changes would have a disparate effect on Science Focus because it is not located within its own neighborhood. There are lots of students from the team schools that would be affected, and that is not fair. It also would not serve the goal of

oppose proposal, APS in in too much of a hurry right now	slow down and ensure we are implementing effective programs and discontinuing non-effective programs	make sure there is time to fully evaluate all of these proposals as there are a lot of proposals on the table and ensure transarency and accurate
		What happens to siblings?
That's fair
