

Immersion (50/50) (March 30 Post-its)

STRENGTHS	CHALLENGES	CONSIDERATIONS
Yes! 50/50 split w/ 2 lotteries	With pure lottery, you might have trouble filling the 50% Spanish	Please offer STEM/Immersion and IB? Immersion options. STEAM and IB can be taught in Spanish :-)
You need dual lotteries to better ensure 2-way immersion works	Will have huge negative second order effects on ASFS. It will displace Key students to ASFS, which will have the effect of decreasing diversity at Taylor and Jamestown. ASFS will cease to be "neighborhood" school as the true neighbors will be further excluded from school.	Changes to key admissions should only be considered with concurrent boundary adjustments across North Arlington
Allows for kids to better understand culture and life balances. Keep 50/50		
Must do 50/50		
Please keep the 50/50 balance. So important		
50-50 split is very important for immersion		
Good balance of native English/Spanish speakers ensures proper cultural experiences and instruction		
Adjust process to align with immersion instruction. 50/50 is important for its success but 30/60 bit probably still work!		
YES!! 50/50 Spanish/English. This makes the program work		
50/50 balance of native Spanish and English speakers is extremely important.		
Yes. Not automatic. Maintain income diversity as well.		
Yes
