Information Release Form For Society & Organization Awards

<p><u>Submission of this form is mandatory for project registration</u></p>
--

Societies/Organizations occasionally need to contact a student to whom they have awarded prizes. This is usually to confirm attendance at an award event to which the student was invited or to get additional information needed for student membership in a professional society or a related journal subscription. The Northern Virginia Regional Science and Engineering Fair will release only parent contact information and only if provided written permission.

- Please read the statements below and mark one of the options.
- Print your student's name and your own name, and then sign and date the form.
- If you are willing to share your contact information, please also provide an email address and/or a phone number.
- If your student is part of a Team project, a separate form is needed for each Team member.
- Your student must return this completed form with his/her project paperwork to your school's Science Fair Director as part of the registration process.

_____ I DO give permission for the Science office to release my student's name and my email and/or phone number to the sponsor of any prize my student may win at the 2018 Northern Virginia Regional Science and Engineering Fair.

_____ I DO NOT give permission for the Science office to release my student's name and my contact information.

Student's Name (printed)

Parent/ Guardian Name (printed)

Parent/Guardian Signature

Date Signed

If permission granted:

Parent/Guardian Email (print clearly)

Parent/Guardian Phone Number
