GENERAL INFORMATION

REGISTRATION

Registration forms are included in this catalog and are available online at www.apsva.us. APS students should register at the schools they are attending during the 2017-18 school year.

**New this year:** Registration for the elementary enrichment programs (except Outdoor Lab) may also be done online. See the Summer School website starting on March 1 for details at: apsva.us/summer-school/

Late Registration for APS secondary students will be held at the Syphax Education Center on June 25 from 8:00 a.m. to 7:00 p.m. Only current APS middle and high school students who need to repeat a course are able to register during this time.

Student welcome letters, bus stops and other information will be mailed no later than July 3.

PROCEDURES FOR STUDENTS WHO ARE NOT CURRENTLY REGISTERED WITH APS

Non-APS students must register in person at the APS Summer School Office. Online registration for elementary enrichment is not available to non-APS students. All non-resident students will be required to pay non-resident fees unless they are living with a parent or legal guardian in Arlington for the summer.

All non-APS students must present complete health records, copies of which can usually be obtained from the current school at the time of registration.

Health records include:
- Tuberculin skin test or evidence of a negative TB risk assessment done after June 2017
- Vaccination records
- Physical examination done after June 2017 (elementary students only)

Non-APS students who reside in Arlington must also provide proof of residency with a parent or legal guardian in order to qualify for resident fees. Residency is proven by providing a copy of a lease or mortgage, or by completing the APS forms A & B (available from the APS Student Services Office). Proof of guardianship may also be required.

DEADLINES AND WAITLISTS

Registration deadlines are firm. Audits are not permitted. New students who are pre-registered to attend APS K-12 programs in the fall have until June 8, 2018 to register for summer school.

Families who miss the deadline for registering students for elementary programs only (except for Outdoor Lab) may contact the Summer School Office to place their child on a waitlist up until June 8. Families will be contacted directly should a spot in the program requested become available.

No transportation will be guaranteed for students who are registered after the initial deadline through the waitlist process.

FEES AND REFUNDS

Payment in full is due at the time of registration. Checks or money orders should be made payable to Arlington Public Schools. Cash and credit cards are not accepted.

Fees for Pre-K through grade 12 strengthening courses are non-refundable. The only exception is for a secondary student who passes a credit-bearing class during the school year and no longer needs to take the class in summer school.

Refunds (less a cancellation fee of $100) may be granted for elementary and middle school enrichment and high school New Work, but only until June 29, and only if:
- a student is ill (with a doctor’s note);
- there is a death in the immediate family; or
- there is a transfer of residence outside of Arlington.

The last day to request a refund is June 29, 2018. Requests should be submitted in writing to the Summer School Office. Late requests will not be considered.

REDUCED FEES AND SCHOLARSHIPS

Reduced fees are available only to students who currently reside in Arlington and who receive free or reduced-price meals during the school year. Please indicate on the registration form that your student qualifies.

Scholarships are also available on a limited basis through each school's principal. Please discuss your individual needs with your student's principal prior to submitting your registration form so that he/she can provide more information.

ATTENDANCE REGULATIONS

Consistent attendance in summer school is critical at all grade levels. In the middle school and high school programs, neither grade nor credit is awarded for any class in which a student has more than three absences (two absences maximum are allowed in high school New Work for Credit courses).

In Summer School there are no excused absences, even in the case of a court appearance or death in the family.

Students who exceed three absences (two absences for high school New Work) will be unable to continue in the summer program and will be withdrawn.

TRANSPORTATION

Elementary transfer students who attend an out-of-boundary school during the school year should register for their home attendance boundary school if they are attending a strengthening program in order to receive transportation. Buses for the middle and high school programs will only be provided at the beginning and end of the day; there will be no mid-day runs, and students will not be allowed to stay at school if they do not have two classes. Buses for the Career Center enrichment courses will run at the beginning of the AM and the end of the PM sessions only. In order to qualify for transportation, elementary students must live at least one mile from the summer school site, and secondary students must live one and a half miles from the summer school site. Bus stops and additional transportation information will be sent to students by U.S. mail no later than July 3, 2018. Parents must arrange for younger children to be escorted to and from the bus stop. Questions about buses should be directed to the Transportation Office at 703-228-8670. The call center is open from 6:00 a.m. to 6:00 p.m.

ELEME NTARY SCHOOL PROGRAMS

The APS elementary summer strengthening programs are designed specifically for those students who need additional time and exposure to grade level standards. Only students who are failing a class, who previously failed an SOL exam, or who are recommended by their teacher are eligible to enroll in these courses.

Program locations, times and dates are listed below. Detailed information on these and the elementary enrichment programs are listed on the following pages.

Parents and students are encouraged to discuss possible areas of study and consult with their teachers and counselors in order to make appropriate course selections. All registration forms for strengthening classes must be signed by the student's teacher and turned in to the summer school registrar by the appropriate deadline.

Fees for all strengthening programs are non-refundable. Partial refunds are available for enrichment programs under limited circumstances (see page 2, Fees and Refunds).

Transfer students who need strengthening classes should register for their home attendance boundary for strengthening programs in order to be eligible for transportation. Questions about buses should be directed to the Transportation Call Center: 703-228-8670.

I. STRENGTHENING: PRE-KINDERGARTEN

PRE-KINDERGARTEN
COURSE CODE: 00901
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: Arlington residents only who are pre-registered for kindergarten at the APS school they will attend in Fall 2018.
JULY 9–AUGUST 3
$100/$56
See page 3 for locations and times.

This course is designed specifically for students who have no Pre-K experience or who participated in APS Pre-K but are identified by their teacher as eligible for additional support to ensure success in kindergarten. Students will strengthen numeracy and literacy skills while also fostering socio-emotional skills through hands-on activities.

II. STRENGTHENING: K-5 PROGRAMS

The elementary strengthening program is designed for students (including students in the ESOL/HILT program) who need strengthening or remediation in reading and math as recommended by their teachers. Eligible students participate in project-based learning with a combination of reading and/or math interventions. In Project-Based Learning (PBL), students work for an extended period of time to investigate and respond to an authentic, engaging and complex question, problem, or challenge. Reading and math interventions are provided in a small group setting to strengthen literacy and numeracy skills. The intervention groups will reinforce grade-level content to complement what students learned during the school year.

At each elementary site, resource services will be available for students who receive special education support during the school year. Summer school resource teachers ensure that accommodations and modifications are in place and provide direct/group instruction as needed. APS students whose IEP specified a self-contained level of service during the 2017-18 school year will also be provided with required services at each elementary site.

Reading Camp, a program which is designed for students (grades K-5) with an IEP who have reading services written into their IEP, will be implemented at each elementary Summer School strengthening location for 2018. In this program, intensive reading remediation is provided in the areas of phonemic awareness, phonics, fluency, vocabulary and comprehension based upon individual student needs. Instruction will take place in small groups.

JULY 9 –AUGUST 3; 8:30 a.m. – 12:30 p.m.
$100/$56
LOCATION: CLAREMONT

The immersion summer course is designed to support the development of Spanish proficiency in speaking, listening, reading and writing, while enhancing students’ cultural understanding of Latin America and Spain. Students will have ample opportunity to refine their use of everyday oral language, vocabulary, and language structures while learning about the literature, music, dance, and traditional celebrations of Spanish-speaking countries.

Eligible students will also participate in project-based learning with a combination of reading and/or math interventions. In Project-Based Learning (PBL), students work for an extended period of time to investigate and respond to an authentic, engaging and complex question, problem, or challenge. Reading and math interventions are provided in a small group setting to strengthen literacy and numeracy skills. TITLE I YOUNG SCHOLAR’S INNOVATION ACADEMY

COURSE CODE: TI1ACAD

REGISTRATION CLOSES: 5/4/18

ELIGIBILITY: Registration is by invitation only to students at Title I schools and closes 5/4/18. Please see school staff for all details regarding registration process.

AUGUST 6-17; 8:30 a.m.–12:30 p.m.

Additional club opportunities available from 12:30 to 3:30 p.m. for enrolled students. See individual schools after March 1 for more information.

Young Scholar’s Innovation Academy is a rigorous program providing students with project-based learning in which they become active practitioners in the field, tackling real-world issues and problems related to science and technology. Students are given the platform to exercise their critical and creative thinking skills through digitally-blended, hands-on learning experiences using highly engaging curriculums and MakerSpace workshops. Transportation will be provided.

III. STRENGTHENING: K-5
SPECIAL EDUCATION PROGRAMS

Summer school experiences for students who receive special education services are offered to students in Pre-Kindergarten through grade five. Registration is limited to students who were enrolled full time in APS during the 2017-18 school year. Summer school special education programs are not designed to be duplications of regular school year programs. Although students with Extended School Year services (ESY) do not pay registration fees, they must submit a registration form by the relevant deadline.

At each elementary site, resource services will be available for students who receive this type of support during the school year. Summer school resource teachers ensure that accommodations and modifications are in place and provide direct/group instruction as needed.

Summer Laureate is a challenging and fast-paced program providing experiences for students who demonstrate creativity, inquisitiveness, and a desire for an academic experience in the summer. Guided by concepts such as change, structure and cause/effect, students learn a topic of study in science through an integrated STEAM approach emphasizing critical and creative thinking, research skills, and technology integration and the arts. Through a personalized learning approach, students will have the opportunity to self-select from areas of study for individual and/or group projects based on their readiness and interests, to demonstrate what they have learned in the summer experience.

OUTDOOR LAB
SESSION A COURSE CODE: 00970
SESSION C COURSE CODE: 00971
REGISTRATION CLOSES: 4/6/18
Registration forms and checks for Outdoor Lab must be sent directly to the APS Science Office, 2110 Washington Blvd, Arlington, VA 22204. If applying for another class in addition to the Outdoor Lab, a separate form and check must be submitted for each class.
ELIGIBILITY: Arlington residents who have completed grade 4 or 5.
SESSION A: JUNE 25–JUNE 29
SESSION C: JULY 23–JULY 27
$684/$113 (includes transportation, room and board)
LOCATION: PHOEBE HALL-KNIPLING OUTDOOR LABORATORY

A blend of traditional camp activities (hiking, evening campfires, crafts, skits, etc.), nature exploration and sensory awareness make this program fun and informative. The Outdoor Lab summer camp provides students with the opportunity to explore the natural world at their own pace. The highly qualified staff will safely guide campers through various activities that may include aquatic studies, natural history, and nature’s supermarket. This overnight program is conducted at the Phoebe Hall-Knipling Outdoor Laboratory near Warrenton, Virginia. Students are transported to the Outdoor Lab on Monday morning and returned to Arlington on Friday afternoon of the same week. Platform tents, meals and snacks are provided. Tent mates will be assigned by the Camp Director. For additional information call 703-228-6166. If registration exceeds program capacity, a random selection procedure will be used to determine participation. Students will be notified by email from the Science Office (or through USPS if no email is provided) by April 20 on the status of their applications.

If openings remain after the registration deadline, applications will be accepted on a first-come, first-served basis. After July 1, applications from students who live outside Arlington will be accepted, space permitting. Please contact the Science Office at 703-228-6166 for more information.

V. CAREER CENTER COURSES
Career Center Enrichment courses are filled on a first-come, first serve basis and are capped because of Occupational Safety and Health Administration regulations. See further information on transportation on page 2.
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: students who have completed grades 3, 4, or 5.
JULY 9 – JULY 20
TIMES: SEE BELOW
$280/$56

I. MORNING SESSION CLASSES (8:00 a.m.-11:00 a.m.):

COSMETOLOGY: THE ART OF LOOKING GREAT!
COURSE CODE: CE114
Caring for your hair and nails is the beginning of looking great. Students will learn and practice creating a look that flatters their personal style. Hair styling, cutting and coloring will be discussed, demonstrated, and practiced. Students will learn skills that will save money at the nail salon including manicures, pedicures and nail art. Learn what looks good on you and how to create that look.

LEGO ROBOTICS CHALLENGE
COURSE CODE: CE148
This is a project-based and student-centered enrichment program that uses Lego robotics. Students will build projects using electronics and micro-mechanics, followed by construction of Lego robotics and programming for several robotic design challenges. Learn robotics and have fun!

MULTIMEDIA
COURSE CODE: CE108
Multimedia production utilizes an all-digital lab to teach students of all skill levels. Students will have the opportunity to learn about video and audio production, animation, and graphic design. Students will learn the craft of filmmaking through engaging projects and will be editing with Macromedia Adobe Premiere CS-6. This class is guaranteed to be challenging, cutting edge and most of all, fun.

SMALL ANIMAL CARE
COURSE CODE: CE117
Students will have hands-on experience with our extensive animal collection that includes a miniature horse, goats, exotic birds, reptiles, rodents, ferrets, cats, dogs, etc. Emphasis in the class is placed on proper care and grooming for these animals. Responsible handling and disease prevention will also be stressed. Students will participate in animal enrichment, taming, and physical exams. Veterinary specialties and animal careers will be discussed.

II. AFTERNOON SESSION CLASSES (11:30 a.m.-2:30 p.m.)

COMPUTER EXPLORATION WITH SCRATCH PROGRAMMING
COURSE CODE: CE159-2
In this class, students will learn computer coding and will be able to create games, animations, stories, and art using SCRATCH, a programming language developed by MIT. Students will be able to draw pictures, add sounds and movements, and share their projects with the class. The
students will both examine existing programs and design their own. SCRATCH builds thinking skills, reasoning ability, and creativity and most of all it is fun!

THE GREAT FOOD TRUCK CHALLENGE
COURSE CODE: CE154-2
During the two-week session, young Culinarians are challenged with the task of designing, developing a menu, and marketing an original Food Truck Concepts. Week-One of the session our young Culinarians will dive right into the kitchen with an overview of food safety and sanitation, measuring, mix, and knife skills. Our Culinarians will then move into practicing basic food preparation techniques that include grilling, sauté, roasting, baking, and pastry. During week two the students will apply their culinary training from week one to developing their original Food Truck Concepts. The students will develop a Food Truck theme with a 3-D model, a menu, food samples, and a commercial advertisement. Our final day will conclude with a Food Truck Showcase open to family and friends to display and sample our Culinarians work.

VI. SUMMER EXTENDED DAY PROGRAMS

IV. ENRICHMENT PROGRAMS

JUMPSTART TOWARD ALGEBRA
COURSE CODE: 10958
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: Students who have completed grade 6 mathematics with a grade of C or above and have passed the SOL.
JULY 9–AUGUST 10
Period 1: 8:20 a.m.–10:30 a.m.
Period 2: 10:40 a.m.–12:50 p.m.
$354/$77

This course is designed for students who have successfully completed Math 6 who are intending to take Algebra I or Algebra I, Intensified in grade 8. The course will preview the Math 7 content so that students are equipped to excel in both Math 7 in grade 7, and in Algebra I in grade 8. Problem-solving and communication will be emphasized through the study of real-world examples and hands-on models.

INTRODUCTION TO ALGEBRA
COURSE CODE: 13102
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: Students who have completed grade 7 mathematics with a grade of C or above and have passed the SOL.
JULY 9–AUGUST 10
Period 1: 8:20 a.m.–10:30 a.m.
Period 2: 10:40 a.m.–12:50 p.m.
$354/$77

This course is designed for students who have successfully completed Math 7 and who are intending to take Algebra I or Algebra I, Intensified in grade 8. This course will strengthen Pre-Algebra skills and preview the Algebra I content so that students are equipped to excel in Algebra I the following year. Problem-solving and communication will be emphasized through the study of real-world examples and hands-on models.

GOOGLE LIT TRIPS – MAPPING HISTORICAL FICTION
COURSE CODE: GOOGLELIT67
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: Students who have completed grade 6, 7 or 8.
JULY 9–AUGUST 10
Period 1: 8:20 a.m.–10:30 a.m.
Period 2: 10:40 a.m.–12:50 p.m.
$354/$77

Students will read a historical-fiction novel and simultaneously explore the journey using Google Earth. The use of Google Earth brings the reading experience to life, helping readers become part of the story by traveling alongside the characters. Throughout the journey, students will have the opportunity to view photos, video clips, primary sources and various expository texts that go beyond the novel, to help them engage in critical thinking and learn more about historical events. Students will also engage in a variety of writing experiences to reflect on the literary journey. After sharing this journey as a class, students will work in small groups and use Google Earth to map their own literary journeys.
LEADERSHIP ACADEMY ON GLOBAL ISSUES
COURSE CODE: LEADACADGI
REGISTRATION CLOSES: 5/4/18
ELIGIBILITY: Students who have completed grade 6, 7 or 8.
JULY 9–JULY 20; 8:20 a.m.–12:50 p.m.
$354/$77

We live in an interconnected world that grows smaller with each passing day. It is important that we learn the skills necessary to navigate and understand our diverse global community. Using a variety of simulations, debates, and interactions with foreign policy experts, students will develop global competencies required for success in the 21st century. Activities will include:
- exploration of global issues such as human rights and peace-building
- interdisciplinary examination of global issues
- interaction with foreign policy experts
- role-playing and student-led presentations
- opportunities for research on global issues

DEMOCRACY IN ACTION

ELIGIBILITY: Students who have completed grade 6, 7 or 8.
JULY 23–AUGUST 3; 8:20 a.m.–12:50 p.m.
$354/$77

Do you have an opinion on issues such as civil rights, voting and immigration? Do you believe you have the power to effect change in your community? Participating in the Democracy in Action Institute will provide an opportunity to address these issues. Using a variety of simulations, field studies, and debates, students will apply their conceptual knowledge to determine how our understanding of history and government help us take a more active role in our communities and our nation.

Activities will include:
- a debate on federalism in law making
- a mock Congressional simulation
- a workshop on public policy related to current issues
- a field study on social activism
- a site visit to Capitol Hill

OUTDOOR LAB SESSION B
COURSE CODE: 10970
REGISTRATION CLOSES: 4/6/18
Registration forms and checks for Outdoor Lab must be sent directly to the APS Science Office, 2110 Washington Blvd, Arlington, VA 22204. If applying for another class in addition to the Outdoor Lab, a separate form and check must be submitted for each class.
ELIGIBILITY: Arlington residents who have completed grade 6, 7 or 8.
SESSION B: JULY 9–JULY 13
$684/$113 (includes transportation, room and board)
LOCATION: PHOEBE HALL-KNIPLING OUTDOOR LABORATORY

A blend of traditional camp activities (hiking, evening campfires, crafts, skits, etc.) and nature-based offerings make this program fun and informative. This program is an extension of the elementary Outdoor Lab summer camp, but a higher level of nature exploration and different activity options help to give campers a distinct experience. Students are provided opportunities to explore the natural world through focused activities of their own choosing and self-directed free time activities. This exciting and popular summer camp is held at the Phoebe Hall-Knipling Outdoor Laboratory near Warrenton, Virginia. Students are transported to the Outdoor Lab on Monday morning and returned to Arlington on Friday afternoon of the same week. Platform tents, meals and snacks are provided. Tent mates will be assigned by the Camp Director. For additional information call 703-228-6166. If registration exceeds program capacity a random selection procedure will be used to determine participation. Students will be notified by email (or USPS if no email is provided) from the Science Office by April 21 on the status of their applications. If openings remain after the registration deadline, applications will be accepted on a first-come, first-served basis.

TELEVISION PRODUCTION
COURSE CODE: CE121-2
In TV Production, students learn the essentials of using cameras, and producing videos while working in a "real television studio." Students will learn new skills every day from how to properly use the camera to creating music and graphics. Using teamwork, imagination and creativity, students will produce their own commercials, music videos, short movies, studio shows, and more. Students truly enjoy creating their own fantastic films in this class.
HIGH SCHOOL PROGRAMS

APS offers a countywide program which rotates locations each year. The 2018 summer school program will be held at Wakefield High School. This program offers a variety of opportunities that permit students to:

- Make-up courses
- Strengthen academic competencies
- Improve computational skills
- Increase English language proficiency through reading, writing, listening, and speaking
- Prepare to retake failed SOL tests
- Take new work for credit courses

Transportation will only be provided at the beginning and end of the day; no mid-day runs will be made.

Students and parents should discuss possible areas of study, consult with teachers and counselors, and make course selections by the June 8 registration deadline. For more information regarding these programs, check the telephone listings on page 1 or call a school guidance counselor.

Note: Students must have a signature from a recommending teacher on their registration forms for all courses.

I. MAKE-UP AND STRENGTHENING COURSES

Eligibility: Students who should take make-up and strengthening courses fall into three categories:

- those who have failed a course previously
- those who have passed a course but failed an SOL exam
- those who have passed a course but wish to improve their grade (for Math 8, English 8 and Physical Science 8, only students who previously failed the course are eligible to register)

To be eligible for full credit, a student must be enrolled for all 25 days, meet the attendance requirements, and receive a passing grade. SOL exams will be administered in relevant core classes at the end of summer school. No auditing is permitted. Students are allowed three absences and will be withdrawn on the fourth absence. Physical Science 8, English 8, and Mathematics 8 are middle school courses. No credit is earned for these courses.

II. MAKE-UP AND STRENGTHENING: STANDARDS OF LEARNING (SOL) COURSES

The journey begins here for those who are interested in the exciting world of Computer Game Design. Participants will learn the fundamentals of game design, rules, and game mechanics. Students will be encouraged to work together in an interactive environment with others who have similar interests and experience. Students will build and expand upon their own game ideas, and be provided an insider's look at the Computer Game Design industry, with hands-on experience using current game engine tools Unity and Unreal 4.

VI. VIRTUAL INSTRUCTION
(See pages 21-22 for listing of course options, under New Work for Credit.)

Virtual courses are designed to allow students to take new work courses with more flexibility during the summer months. Participation in virtual courses requires time management as students are working independently to cover the course content of a full year during the summer school session. Students are expected to make steady progress through the course content. Deadlines within each course are set by the instructor. Important considerations for virtual coursework include:

- Attendance at an orientation session for social studies virtual courses is required on either June 29 or July 6
- For successful completion of a course, students will be expected to work at least 4-6 hours per weekday throughout the course.
- Students participating in a virtual course must have a valid email address that is accessed regularly.
- Students must have internet access or the ability to travel to a site where internet is available.
- Students who need assistance with a social studies virtual course have the option to attend open labs each Tuesday and Thursday at the summer school site.
- Assessments will be administered virtually except for the following:
  - Economics & Personal Finance – Students are strongly encouraged to attend a proctored WISE Test for Financial Literacy. Varying test dates will be offered.
  - For additional information about social studies virtual instruction, please contact Cathy Hix, Social Studies Supervisor, at cathy.hix@apsva.us.
  - For additional information about Health virtual instruction, please contact Debbie DeFranco at deborah.defranco@apsva.us.
  - For additional information about the Intro to Game Design virtual instruction, please contact Kris Martini at kris.martini@apsva.us.

HIGH SCHOOL

CAREER CENTER AFTERNOON SESSION
(11:30 a.m.-2:30 p.m.)

ANIMAL SCIENCE
COURSE CODE: CE101-2
Students will work with our extensive animal collection that includes a miniature horse, goats, exotic birds, reptiles, rodents, ferrets, cats, dogs, etc. Emphasis in the class is placed on proper care and grooming for these animals. Responsible handling and disease prevention will be stressed. Students will participate in animal enrichment, taming, and physical exams. Veterinary specialties and animal careers will be discussed. Students will have the opportunity to bring in their well-mannered pet for help with grooming or training. The specific animals studied will be tailored to the interests of the students. Students will take a field trip to the National Zoo.

COSMETOLOGY: THE ART OF LOOKING GREAT!
COURSE CODE: CE114-2
Caring for your hair and nails is the beginning of looking great. Students will learn and practice creating a look that flatters their personal style. Hair styling, cutting and coloring will be discussed, demonstrated, and practiced. Students will learn skills that will save money at the nail salon including manicures, pedicures and nail art. Learn what looks good on you and how to create that look.

TELEVISION PRODUCTION
COURSE CODE: CE121-2
In TV Production, students learn the essentials of using cameras, and producing videos while working in a “real television studio.” Students will learn new skills every day from how to properly use the camera to creating music and graphics. Using teamwork, imagination and creativity, students will produce their own commercials, music videos, short movies, studio shows, and more. Students truly enjoy creating their own fantastic films in this class.
