REEP ESL Curriculum for Adults

Unit notes: The U.S. History and Government units are presented here together to reflect the many overlapping themes. In both units, because of the large amount of material, it is essential that students narrow the focus by selecting learning goals at the beginning of the unit (see Objective 1). It is not intended for all objectives or all historical periods to be covered.

Unless otherwise noted, the performance objectives are the same for Levels 300, 350, and 450. The sample language is basic to the objective, but 450 level students can be encouraged to use higher level language. As appropriate, the resources have been divided by levels.
