Mr. Goldstein called the meeting to order. The Board met with staff to gather feedback on the 2018 elementary boundary process just completed and to identify improvements for the 2020 boundary process. The group identified what worked well in the process just conducted, noting the strong community engagement, outreach to many different groups, and extraordinary staff responsiveness to the Board and to the community. Opportunities to improve that were suggested included deemphasizing policy B-2.1, considering a consultant to help with data analysis, and providing parents with more information and opportunities to learn about and explore the schools being considered in the boundary processes.

The meeting adjourned at 10:28 AM.
