VI. **Project Information:**

APS requires a Contractor on a Construction Management at-risk (CMR) basis for the renovation and expansion of the Arlington Career Center. The Project will proceed in two phases. The first phase is the Phase I Pre-Construction Services for services as described in greater detail below during the development of the design and ultimate Construction Drawings and Specifications for the Project. The second phase is the Phase II Construction Services, during which the CMR will be responsible for construction of the Project in accordance with the approved design and delivery dates. Phase II will be performed under a separate contract with a Guaranteed Maximum Price (“GMP”). The GMP will be established before completion of the Phase I Pre-Construction Services. If the parties are unable to agree on a GMP or Phase II Construction Services Contract, various alternatives are available to APS to select a CMR for the Phase II Construction Services Contract as will be set forth in the RFP issued to those selected from this Pre-Qualification process.

**Project Title:** Arlington Career Center Renovation and Expansion

**Location:** 816 S. Walter Reed Drive, Arlington, VA 22204

**Description:** The Project involves renovating and expanding the Arlington Career Center.

The School Board adopted FY 2019-28 Capital Improvement Plan (CIP) includes two projects at the Career Center site:

- Arlington Tech Expansion for 250 high school seats to be completed by start of school September 2021 for a maximum total project cost of $18,750,000, bringing the total capacity of Arlington Tech to 600 seats.
- Career Center Expansion to be completed in two stages: athletic field and parking garage by start of school 2023 and 800-seat addition with performing arts facility by start of school September 2025 for a maximum total project cost of $184,700,000.

APS seeks a CMR partner to execute both capital projects. The specific scope and timing of construction is not fully known and is expected to be developed as part of the concept design/master plan phase which will begin in September 2019 and conclude by March 2020. The CMR will be involved as an integral member of the team developing the scope and scheduling of the project during this phase of the process. Construction is likely to occur in multiple phases, beginning as early as summer 2020 and involve a combination of renovation and new construction. Early release construction work packages and/or multiple GMP’s may be required to successfully complete the project. The Arlington Career Center and attached Arlington County Columbia Pike Branch Library will remain occupied throughout construction.

VII. Submission Requirements:

Two (2) original hard copies, so marked, with all signatures in blue ink and two (2) copies of the entire original submission on separate Compact Disks or Thumb Drives, so marked, for a total of four (4) copies of the Qualifications document are required. Offerors are responsible for ensuring each copy of the Compact Disc or Thumb Drive is marked with the name of their firm. All Qualifications must be submitted in a sealed package, with the RFQ Number, RFQ Title, Qualifications Due Date and Time, Virginia Class A Contractor’s License Number, and its expiration date, on the outside of the package. APS will not assume responsibility for reproduction where an insufficient number of copies have been supplied. In any such case, APS shall notify the Offeror of the deficiency and request that the appropriate number of copies are delivered by no later than the end of the second (2nd) business day following receipt of the request for additional copies. Failure to comply with this or other requirements of this RFQ shall be grounds for APS to reject such Qualifications. Email or facsimile submissions of Qualifications are not acceptable and any such Qualifications shall not be considered. Nothing herein is intended to exclude any responsible Offeror or in any way restrain or restrict competition. All responsible Offerors are encouraged to submit Qualifications.
Offerors shall submit the Qualification information in accordance with the requirements identified herein. Each hard copy of the Qualifications shall be tabbed and submitted in a three-ring binder with all documentation in a single volume. Incomplete Qualifications may be determined to be non-responsive; and as such, the Purchasing Agent reserves the right to reject the incomplete Qualifications.

Offerors must organize their Qualifications using **Attachment A - Offeror’s Statement of Qualifications.**

By submitting Qualification information, the Offeror grants to the Owner the right to visit the office(s) of an Offeror to verify any claim(s) made by an Offeror regarding staff, facilities, capabilities, qualifications and any other reasonable concerns that may arise on the part of the Owner. In such an event, the Offeror must make every reasonable attempt to clarify any concerns expressed by the Owner.

The Owner will not be responsible for any costs incurred by an Offeror in response to this RFQ.

In the event the Offeror discovers an error in its submission and desires to make a correction, the Offeror shall submit in writing the requested correction, along with a written explanation and justification for the change. The Owner will accept the correction and give it such weight as the explanation and justification support. Provided, however, no such corrections will be permitted or accepted after two (2) business days at 4:00 pm local time from the due date set for receipt of Qualifications. After this deadline, the Offeror’s options are either to have its response to the RFQ considered as submitted, or to give written notice to the Owner that it withdraws from consideration. Additional information for clarification may be requested by Owner once the review process begins.

As noted above, Offerors may contact, in writing, the designated Owner point of contact for any required clarifications on this RFQ. Offerors are to refrain from contacting the Owner personnel for purposes of requesting tours or for any other purpose relating to the Project.

Following receipt by the Offeror of notice that the Offeror has been considered short-listed or not short-listed to move to the RFP stage, or the cancellation of this solicitation, all Offerors or potential Offerors are invited to provide to APS written comments regarding the manner in which this solicitation was conducted and any suggested modifications to that process which might make future solicitations by APS more efficient, more productive, and more attractive to potential Offerors.

**VIII. Evaluation of Qualifications:**

Offeror’s Qualifications (as submitted on the attached Offeror’s Statement of Qualifications) will be evaluated against the criteria specified herein.

- The Owner selection committee will thoroughly review the Offeror’s Qualifications submissions using the evaluation criteria defined in this RFQ. The committee will determine which Offeror’s submissions demonstrate the greatest conformance with the requirements set forth in this RFQ; the committee will identify a “short list” of a minimum of two (2) Offerors deemed fully qualified and best suited based on the evaluation criteria to proceed to “Step 2” of the selection process, the receipt of the Request for Proposal (RFP).
- An Offeror may be denied prequalification only upon those grounds specified in Article 4-101(2)F of the Arlington Public Schools Purchasing Resolution.
- The Owner will provide written notice to all Offerors which are not “short-listed” which shall include the reasons the Offeror was not selected.
- Not being included in the minimum of two (2) Offerors deemed fully qualified and best suited does not mean that an Offeror is not qualified.
- The short-listed Offerors will be notified of their selection to move to the RFP stage and will be made aware of when the RFP has been issued.
- Proposals in response to the RFP shall be due not less than thirty (30) calendar days after the short-listed Offerors are notified of their selection, but not less than ten (10) calendar days prior to the date set for receipt of proposals.
The Selection Advisory Committee will use the following criteria to evaluate and judge the Qualifications (weighted as indicated below):

Such clarification must be submitted to APS no later than 4:00pm the second (2nd) business day following receipt of the request for clarification.

The decision to pre-qualify an Offeror shall not, however, constitute a determination that the Offeror is responsible; and such Offeror may be subsequently rejected as non-responsible on the basis of subsequently discovered information.

I. **Mandatory Requirements:** APS shall deny pre-Qualification to any Offeror if APS determines, at its sole discretion, the Offeror is not able to satisfy one or more of the following: The term “shall” identifies requirements which are stated as mandatory and if not satisfied shall result in rejection of the Qualifications as not responsive.

APS may deny pre-Qualification to any Offeror if APS determines, at its sole discretion, the Offeror is not able to satisfy one or more of the following: The term “may” identify requirements which are discretionary, not mandatory, but still may result in rejection of the Qualifications as not responsive, if APS considers the failure or omission to have a significant impact upon determining whether the Offeror can be considered qualified to complete the project.

Substantial Non-Compliance:

The Offeror shall not have been in substantial noncompliance with the terms and conditions of a prior construction contract with a public body without good cause. If the Owner has not contracted with the Offeror in any prior construction contracts, the Owner may deny pre-Qualification if the Offeror has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. The Owner may not utilize this provision to deny pre-Qualification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto given to the Offeror at that time, with the opportunity to respond.

Grounds for denying pre-Qualification, at the Owner's sole discretion, after review and consideration of the dates, facts and circumstances include but are not limited to the following:

Documented delay of delivery of material necessary to perform remaining work or seasonal conditions that bear on performing the work or operating specific equipment or building systems shall be considered in mitigation; or

• Has had Performance or Payment Bond claims paid on its behalf in the last five (5) years.
