**Unit # 2: My Community**  
**Subject(s):** FLES Proficiency  
**Grade(s):** K-2  
**Designer(s):** Byrne, Fahie, Harrington, Laumann, McKenzie, Prell, Romero and Zamora

---

**Proficiency**  
- Kindergarten Black  
- First Grade Orange  
- Second Grade Purple

---

**STAGE 1 – DESIRED RESULTS**

**Unit Title:** Theme 2 My Community

**Themes/Concepts:** Families and Community

**Enduring Understandings:**

What specifically do you want students to understand?  
What inferences should they make?

Students will understand...

- what makes a family and a community.  
- families and communities make up groups that have similarities and differences.

**Essential Questions:**

What thought-provoking questions will foster inquiry, meaning-making, and transfer?

- What makes a family?  
- What makes a community?

---

Adapted from *Understanding by Design*, Unit Design Planning Template (Wiggins/McTighe 2005)
### Students will know:

What facts and basic concepts should students know and be able to recall? What is the key vocabulary (include tiers of vocabulary: basic, frequently occurring, content specific)?

- **how to identify and describe** and ask questions to elicit information about family members and members of the school community using simple adjectives. *(haber, ser, tener)*

- **how to identify, describe and count** (using simple adjectives of size, color and number) domestic animals, farm animals, zoos and their community of animals from around the world and ask questions to elicit information about them *(haber, ser, tener)*

- **how to express** what they have and **demonstrate** their preferences for family, food, pets, and/or clothing *(ser, tener, gustar)*

### Students will be able to:

**What discrete skills and processes should students be able to use?**

- **identify** and **name expanded** family members that they live with
- **identify** and **name expanded** community members in school.
- **describe orally and in writing** family and community (grande, pequeña)
- **use** question words

- **identify, name and describe** family pets, farm animals, zoo animals
- **describe** family members and things (grande, pequeña). **Expanded adjectives.**
- **compare** family members:
- **match** animals to their habitats and **describe** habitats of several animals
- **ask and answer** questions using tener in the context of the family and animals, and apply the use of tener to other contexts.
- **ask and answer** yes/no and either/or questions using **hay** about what animals there are and how many there are in a picture, movie short or story.
- **Identify** and **tell** how many family pets, farm animals and/or zoo animals they either have or see in a picture, movie short or story using **hay**
- **draw** a picture, **label** and **tell** how many animals there are in the picture using **hay**

- **identify** what they like or dislike (me gusta, no me gusta) as it relates to family, food, pets, and/or clothing. **Present an illustration and describe to peers.**
- **write** words and sentences related to context

<th>How to describe</th>
</tr>
</thead>
<tbody>
<tr>
<td>how to express where they go, where they like to go and where want to go in and out of school on certain days, months <em>(gustar, querer, ir)</em></td>
<td>how to describe the weather and seasons in their community. <em>(estar, hacer)</em></td>
</tr>
</tbody>
</table>

**CULTURE:**  
- basic information from Spanish speaking countries in context (for example: clothing, animals, music, food, flags, cultural/current events, holidays, and/or stories, poems)
* Teachers can determine if their students are from specific Spanish speaking countries and highlight those countries to increase personal connections and identity.

## STAGE 1– STANDARDS/COMPETENCIES

<table>
<thead>
<tr>
<th>Code</th>
<th>Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>WL.1</td>
<td>The student will exchange simple spoken and written information in the target language.</td>
</tr>
<tr>
<td>WL.3</td>
<td>The student will understand simple spoken and written target language presented through a variety of media and based on familiar topics.</td>
</tr>
<tr>
<td>WL.5</td>
<td>The student will present information orally and in writing in the target language, using a variety of familiar vocabulary, phrases, and structural patterns.</td>
</tr>
<tr>
<td>WI.7</td>
<td>The student will develop an awareness of common perspectives, practices, and products of the cultures in which the target language is spoken.</td>
</tr>

### Performance Tasks:

The Performance Task is a culminating performance through which students demonstrate their ability to answer the Essential Questions and the Enduring Understandings they have acquired. Performance Tasks typically present students with a problem: a real-world goal, set within a realistic context of challenges and possibilities. Students develop a tangible product or performance for an identified audience, and the evaluative criteria and performance standards are appropriate to the complex task—and known by the students in advance.

- Type name of performance task(s) here.  
  “What’s in the bag?”

Click here to access the performance task(s) described above.

### Other Evidence:

What kinds of evidence are needed to provide formative and/or summative information to guide instruction and draw conclusions about student knowledge and skill? What specific characteristics in student responses, products, or performances should we examine? Does the proposed evidence enable us to infer a student’s knowledge, skill, and understanding (Stage 1)? Does the assessment method match what the teacher is trying to measure?

Click here to access the other evidences described above.
