Elementary School Planning Proposals: Nov. 5 Online Information Session & Community Questionnaire

[Two APS proposals](#) have been presented in preparation for the Fall 2020 Elementary School Boundary Process that explore moving some elementary schools in order to address the challenges with developing boundaries. The proposals may be potentially revised as APS gathers stakeholder ideas and suggestions through a community engagement process, underway now until School Board action on Feb. 6, 2020. Changes would take effect in Sept. 2021.

Starting Nov. 5, 2019, families can view an Online Information Session and participate in a Community Questionnaire. The session—available in English and Spanish—will include information about boundary challenges, explain the two proposals, and answer community questions received to date.
