To me peace means fair. Fair means treating people the way you want to be treated.

Martin Luther King, Jr. wanted peace for everybody. Because of him my great grandma who lived in Montgomery, Alabama was able to become the Director of the lab technicians for the State Health Department of Alabama. Also, my grandma who lived in Montgomery, Alabama was one of ten black kids who integrated an all white school. Now, because of Martin Luther King, Jr. I can play with whoever I want.

Martin Luther King, Jr. brought peace to everyone.
