Message from the Superintendent

Dear Lifelong Learners,

As your new superintendent, I am delighted to bring you our new special edition catalog that allows our community to join our students in virtual learning. Our community has faced many changes and challenges over the past few months while showing tremendous resilience and support for our students.

To that end, we have designed this catalog to foster continuous learning and to provide an opportunity for our community to stay connected to us during these different times. During this summer, the Arlington Community Learning program will offer several classes that you can take online through a synchronous format that will put you face to face with your teacher and classmates through online platforms such as Zoom, Microsoft Teams and Google Meet. We encourage you to take advantage of this unique opportunity.

On behalf of the Arlington Public Schools’ (APS) family, I want to wish you and yours comfort and peace as we traverse these trying times together. We express our thanks to our instructional and support staff for serving our school community in many creative ways these past few months and to our doctors, nurses and all other medical professional and first responders who work tirelessly to keep us safe.

Here at APS, learning never ends.

Sincerely,

Francisco Durán, Ed.D.
Superintendent
