Return to School Planning: Bus - Level 1

- About 230 total students in ~28 schools
- About 150 using specialized transportation
- Numbers have fluctuated over time
- Started today

Bus Transportation – Level 2

**Projected Level 2 return = January 2021*

- Consultant will continue to assist
- Updated survey data in use
- Appx 7,457 ES students **chose** hybrid
- About 2,400 will use APS transportation
- Close to 500 ES families did not respond to survey – APS conducting follow-up calls to determine transportation need
- Plan is to route only those who have said they will use it (vs default) to allow for more efficient routing

Walk & Bike Access Work Group

- Updated CCPTA on 10/19
- XWZ Navigation maps posted on APS/Transportation page
<https://www.apsva.us/aps-goes-green/transportation/sy-2020-21-expanded-walk-zones/>
- Supportive Infrastructure projects
 - Hoffman Boston: 12th St S & S Scott St
 - Taylor: Missing link on Lorcom

Walk & Bike Access Work Group

- Continue to work with ACPD on guard deployment plan
 - ACPD will conduct counts when Level 2 returns fully
 - May need to redeploy in some places if counts are low
- Walking school bus and bike trains
 - Resources
 - Policy on Parent/Guardian escort to school
 - Reaching out to other schools with no walk zone expansions

Park & Walk Work Group

- Completed site management reviews for all elementary schools with school staff and joint transportation team
- Some schools opting to use car rider lines for screening location
- Those with more constrained space using Park & Walk model
- Some off-site & private lots included in plans (3-4)
- Team completing final drafts summarizing County-led needs (e.g., temp signage, cones or barrels)
- Principals will do final review and use for Level 2 return planning and communications
