## Join our Walking School Bus

### What is a Walking School Bus (WSB)?

A WSB is a fun way to get to school as a group! Students from the same neighborhood, complex or building walk together, under adult supervision, along a recommended route to school.

### Why Should I Join?

A WSB is an opportunity for students to fit more physical movement into the school day, keeping them healthy and ready to learn, and teaching pedestrian safety rules along the way. Our WSB reduces the number of families dropping off students, which means reducing traffic congestion and improving air quality around school. And because we take turns leading, our WSB will save you time and provide your family with more control over your school commute.

### Who leads the Walking School Bus?

Our WSB relies on family volunteers, and the more volunteers, the more days our WSB can run.
