

CTAE Connect

Arlington Public Schools

March 2021

Students in Mr. Hatipoglu's EMT class at the Career Center practice airway skills in the classroom.

Join us for Adam Nesbitt Robotics Day on March 15th for a variety of virtual live and pre-recorded sessions, including bilingual STEM scavenger hunt at 8:00 AM. [Learn more here!](#)

To Celebrate CTE Month, the CTE Office hosted a series of sessions describing CTE in Arlington Public Schools. Recordings of the events can be found here:

What is CTE? ¿Qué es CTE?	MS Team Link/Enlace Recording
CTE at the Middle School Educación técnica y profesional (CTE) en la escuela intermedia	MS Team Link/Enlace Recording
CTE at the High School Educación técnica y profesional (CTE) en la escuela secundaria	MS Team Link/Enlace Recording
CTE at the Arlington Career Center Educación técnica y profesional (CTE) en el Centro de Carreras de Arlington	MS Team Link/Enlace Recording

Students at the Career Center have launched the first ever HOSA- Future Health Professionals Chapter, sponsored by Ms. Kalsoom. This month, students will participate in the State Leadership Conference in the following categories: Medical Math, Medical Terminology, Medical Spelling, and Physical Therapy. Wish them luck!

The CTE Office hosted [a video for the APS Parent Academy](#) that provides a brief look at CTE students who have returned to the Career Center for in-person learning.

In February, students in Ruth Bilodeau's ECE class at the Career Center discussed ways to celebrate Black History Month in pre-school classes and prepared a variety of activities for students. These included reading a poem and singing a song, a discussion of the meaning of the colors in the African American flag, and making a peace chain using the colors red, black and green.
