

ARLINGTON PUBLIC SCHOOLS
Department of Information Services
Office of Planning and Evaluation

MEMORANDUM

February 17, 2011

TO: Dr. Patrick K. Murphy, Superintendent
Meg Tuccillo, Assistant Superintendent for Administrative Services

FROM: Helene Hartman, Data Architect
Suzanne Raber, Director, Planning and Evaluation

THROUGH: Salah Khelfaoui, Assistant Superintendent

SUBJECT: Student Transfer Report 2010-11

In preparation for the School Board review of capacity issues, data regarding students who transfer from one APS school to another was compiled for the 2010-11 school year. Summary tables were shared with the School Board at their Work Session on Capacities on February 15, 2011. The attached report includes those summary tables as well as detailed tables for each school.

All data included in this year's report reflect enrollment as of February 2, 2011. Only students in kindergarten through grade 12 are reported.

If you have any questions, please contact Helene Hartman (x2486) or Suzanne Raber (x6172) or by email.

STUDENT TRANSFER REPORT 2010-11

This report provides information about transfers of students within Arlington in school year 2010-11. A transfer student is a student who attends a school but does not reside within that school's boundaries or one who attends a school that does not have an attendance area, that is, it is not a neighborhood school. The report informs the capacity monitoring and planning process. Factors which affect the number of transfers allowed are the previous September 30 membership and projected enrollment.

CONTENT OF REPORT

All data included in this year's report reflect enrollment as of February 2, 2011. Only students in kindergarten through grade 12 are reported. It includes all students at countywide and area schools and out-of-county students attending through the staff tuition initiative

The first table is a division summary at the school level of students who have transferred by sending school. For each school, it displays the total enrollment, the total number of students who transferred into that school, and the percentage of enrolled students who are transfers. It also provides a breakdown of the transfers by sending school.

Sending school, the school from which the student transferred, is usually the student's home school based on the address in eSchoolPlus. Under *No Child Left Behind* (NCLB), students who are scheduled to attend Title I schools that did not make Adequate Yearly Progress (AYP) for 2 consecutive years can transfer to another designated school. The school that does not meet AYP qualifies the student to transfer, and that school may not be the student's home school. In this case, the school from which the NCLB transfer was taken is reported here as the sending school.

The second table is a division summary at the school level of students who have transferred by transfer type. For each school, it displays the total enrollment, the total number of students who transferred into that school, and the percentage of enrolled students who are transfers. It also provides a breakdown of the transfers by transfer type. Transfer types are defined on page 45.

A one page, school level summary for each school is included in this report. The school summaries are presented in order of level: elementary, middle, and high.

Each school summary shows the distribution of students by three demographic characteristics: Grade, Race/Ethnicity, and Economic Status. There is a separate table for each characteristic of students who have transferred by transfer type. For each characteristic, the following are provided:

- Total enrollment
- Total number of students who transferred into that school
- The percentage of enrolled students who are transfers
- The breakdown of the transfers by transfer type.

Transfer policy is described fully in APS Policy 25-2.2 *Enrollment and Transfers for Schools and Programs* and is available on the APS website at http://www.apsva.us/aps/lib/aps/_shared/School%20Board%20Policies/25-Student/25-2.2-enroll-trans.pdf

Description of Transfer Types

| Transfer Type | Description |
|---------------|--|
| AD | Administrative placement approved by the Assistant Superintendent of Administrative Services. |
| AP | Wakefield only. AP Network at Wakefield. |
| BB | Barrett only. This is only used for students whose home building is Barcroft and who transferred to Barrett from Barcroft prior to the 2008-2009 school year. Grandfathering: All students enrolled as of June 2008 and younger siblings of these students are entitled to attend Barrett using BB. |
| BR | Randolph only. This is only used for students who transfer from Barcroft to Randolph because they do not wish to attend year round school. |
| CW | To be used for countywide programs at ATS, Drew (Montessori above kindergarten and excepting those for whom Drew is their home school), HBW, Kenmore, Gunston, Arlington Mill, Langston, all Stratford students AND schools with an extended attendance area (Barrett, Campbell). Except for Stratford, CW should not be used for countywide special education programs – use SE for these transfers. |
| FM | Henry and Long Branch only. Arlington residents employed at Fort Myer are allowed to enroll their children at Henry and Long Branch. (Not to be used for residents of Fort Myer.) |
| GF | Boundary grandfathering: students remaining at school after boundaries changed, according to approved procedures. |
| IB | International Baccalaureate at Washington-Lee. (IB at Randolph and Jefferson are coded as CW.) |
| IM | Claremont, Key, Gunston, & Wakefield only. To be used for immersion (non-team) students at Key, all students at Claremont, and immersion students from outside of school boundaries at Gunston and Wakefield. |
| MN | Elementary and Gunston only. Montessori kindergarten students and Gunston Montessori students from outside of school boundaries. |
| OT | Other transfers (e.g., living at shelter, homeless outside of Arlington, live at Fort Myer or by approval by Planning & Evaluation). * The home schools for students who live at Fort Myer are Long Branch, Jefferson, and Washington-Lee. Fort Myer is not included as an Arlington address in the Student Information System and so a transfer code of OT has to be entered for them. These students are not reported as transfers in these reports because they attend their home schools. |
| PC | Professional courtesy transfers for APS employees currently living in Arlington. |
| RC | Residence change. <u>Changing residence within Arlington:</u> High school students who have completed two or more years of their high school education in a particular high school at the time of the change of residence are entitled to complete their education in that high school. All other students who change residence during the school year may complete the year at the current school but must apply for a transfer to return the following year. <u>Changing residence outside of Arlington:</u> Please refer to policy 25-2.2 as this depends on the grade level and the time during the school year at which the change of residence occurs. |
| RG | Regular neighborhood school transfers requested by parents or guardians. |
| SE | Special education: used for students in countywide special education programs, dual enrollees who live outside of Arlington, or placement of special education students by IEP. |
| SP | Special placement for medical or psychological reasons or by request of local courts. Approved by the Assistant Superintendent of Student Services. |
| SW | Staff waiver transfers for APS employees who live outside of Arlington. |
| TM | Team transfer among team schools (ASF, Jamestown, Key, Taylor). |
| TT | Elementary only. Title I (NCLB) transfers from a school that did not make Adequate Yearly Progress (AYP) for 2 consecutive years to another designated school. Sibling transfers are not allowed under NCLB. If the student's home school is not the school from which he or she took an NCLB transfer, then the school from which the NCLB transfer was taken is reported here as the home school, as it is the school that qualified the student to transfer. In all other cases, the home school reported is the student's home school based on their address in eSchoolPlus. |
| TX | Elementary only. Previously allowed as Title I (NCLB) transfers from a school that did not make AYP for 2 consecutive years. The sending school is no longer offering transfers under NCLB, but the students are allowed to remain at the receiving school. |
