

# Welcome Back!

## APS is using ParentSquare!

### What's the difference between ParentVUE and ParentSquare?

#### Use ParentVUE to access your student information and academic record:

- Update parent and emergency contact information through the "Online-Back-to-School Packet"
- View your bus stop assignments
- Report absences and view student attendance
- View class schedules, grades and report cards

#### Use ParentSquare for all communications:

- Receive messages from APS (announcements, weather alerts, etc.) in your preferred language via email, text and mobile app
- Send and receive texts from your teacher(s) with automated translation
- Receive attendance notifications and sign permission slips
- Set preferences to reduce email frequency

## STEP 1: Update ParentVUE

At the start of each school year, families are **required to complete the Online Back-to-School Packet.**

Complete the packet via ParentVUE at [vue.apsva.us](http://vue.apsva.us) or scan the QR codes to download the apps on your phone.

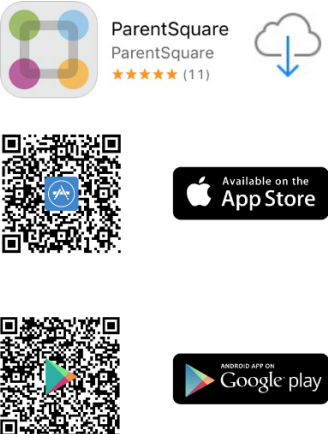

#### While completing the online packet, families will review and authorize the following important policies and opt-in/out releases:

- Update emergency contact information
- Review & acknowledge the APS Handbook
- Student Directory information
- Media Participation
- PTA Student Directory

# Step 2: Activate ParentSquare

Available on the App Store

ANDROID APP ON Google play

- Download the free iOS or Android mobile app. **or log on to [parentsquare.com/signin](https://parentsquare.com/signin)**

- Log in with your email or phone registered with the school.

- Edit your settings & start receiving posts relevant to your student.

# Step 3: Need help?

"I entered my phone number and email and can't register."

Verify and **update** the phone number and email that your school has on file for you.

- Log on to your **ParentVUE** account (mobile app or [vue.apsva.us](https://vue.apsva.us)) and complete the **"Online Back-to-School Packet"** to update contact information.
- Contact your student's school for help accessing ParentVUE.
