Negotiation Procedures in the Event the Apparent Low Bid Exceeds Available Funds:

The Apparent Low Bid and the Apparent Low Bidder shall be the lowest responsive Bid from a responsible and qualified Bidder based upon the Total Bid as set forth in the Bid Form. If the Apparent Low Bid is within available funds, the Contract, if awarded, will be awarded to the Apparent Low Bidder for the entirety of the Work identified in the Contract Documents for the Total Bid subject to such Modifications which may arise subsequent to Bid Closing.

The funds available for this Project will be announced immediately after Bid Closing and before Bid Opening.

1. If the Apparent Low Bid is not within available funds APS may negotiate with the responsible Invitation

and qualified Bidder submitting the lowest responsive Total Bid (“Lowest Total Bid Bidder”). These negotiations may include consideration of value engineering, substitution of materials or equipment, and such other modifications of the proposed scope of the Project, Contract Period, or other Project requirements which are consistent with the Project as initially procured and with the public needs Arlington Public Schools has a duty to satisfy. APS also may attempt to obtain additional funding to increase available funds. APS and the Lowest Total Bid Bidder will discuss all such proposed means for achieving a Contract Sum within available funds for a period not to exceed thirty (30) Days from Bid Opening.

2. If APS and the Lowest Total Bid Bidder are unable to reach agreement within such thirty (30) Day period, APS may elect at any time either to reject all Bids and cancel this solicitation, or to terminate discussions with the Lowest Total Bid Bidder and initiate discussions with the responsible and qualified Bidder submitting a responsive Bid with the second lowest Total Bid (“Second Lowest Total Bid Bidder”). These discussions shall be on the same terms and conditions as set forth for the negotiations with the Lowest Total Bid Bidder. If APS elects to negotiate with the Second Lowest Total Bid Bidder and is unable to reach agreement within such thirty (30) Day period, then at any time APS may determine that all Bids shall be rejected and this solicitation shall be cancelled.

Failure to comply with these requirements or with any other requirements stated as mandatory either in the Invitation, these Instructions to Bidders, the Bid Form, or any Addenda shall result in rejection of the Bid as non-responsive, except to the extent the failure or omission either is not a mandatory statutory requirement or does not affect price, quantity, quality or time, or if the requirement is designated in the Bid Documents as a Class 2 Mandatory Requirement for which supplementation after Bid Opening may be permitted.

3. Bidder Registration, Licensing and Certification:

3.1. To be eligible to Bid and to perform any Contract which may be awarded, a Bidder is required to be qualified to do business in Virginia in the name in which the Bid is being submitted, including but not limited to any required filings of applicable fictitious name authorizations.

The Bidder's failure or omission to examine any Bid Document shall not relieve the Bidder from any obligations with respect to its Bid or to any Contract which may result therefrom. Each Bidder shall be responsible for the discovery and resolution by inquiry of any ambiguity, discrepancy, error, omission or conflict in the Bid Documents and Contract Documents which in the exercise of reasonable care a reasonably

competent Contractor in the field of work involved reasonably should have discovered, all of which shall be included in the Bidder's Total Bid

Bidders shall be fully responsible for having informed themselves as to all existing conditions for the Work. Any cost in securing new bonding will be the responsibility of the Contractor.

8. Contract Award:

8.1. A Notice of Intent to Award, or a Notice of Award of Contract, will be posted on the Procurement Office website.

8.2. The Apparent Low Bid and the Apparent Low Bidder shall be the lowest responsive Bid from a responsible and qualified Bidder based upon the Total Bid as set forth in the Bid Form. If the Apparent Low Bid is within available funds, the Contract, if awarded, will be awarded to the Apparent Low Bidder for the entirety of the Work identified in the Contract Documents for the Total Bid, subject to such Modifications which may arise subsequent to Bid Opening.

If the Apparent Low Bid is not within available funds, the Negotiation Procedures set forth as the Negotiation Procedures in the Event the Apparent Low Bid Exceeds Available Funds in the Invitation shall be implemented and followed.

8.4. In the case of a tie Bid, preference shall be given to goods, services and construction provided by a Bidder domiciled in Arlington County, if such a choice is available. Like preference shall be given to Bidders domiciled in Virginia when tied with Bidders not domiciled in Virginia.

8.5. Whenever the lowest responsible Bidder submitting a responsive Bid is a resident of or domiciled in any other state and such state under its laws allows a resident contractor of that state a preference of any kind, a like preference shall be allowed to the lowest responsible and qualified Bidder, submitting a responsive Bid, who is a resident of or domiciled in Virginia. If the lowest responsible and qualified Bidder submitting a responsive Bid is a resident of or domiciled in a state with an absolute preference, the Bid shall not be considered.

8.6. Notwithstanding the provisions of subsections 8.4 and 8.5, in the event that none of the foregoing provisions of this section resolve the tie, the tie shall be decided by lot.

8.7. A "responsive Bidder" shall mean a Bidder who has submitted a Bid which conforms, in all material respects, to the requirements of the Bidding Documents.

8.8. A "responsible Bidder" shall mean a Bidder who has the capability, in all respects, to perform fully the Contract requirements, and the moral and business integrity and reliability which will assure good faith performance, and who has been pre-qualified if applicable to this solicitation.

9. Withdrawal of Bids:

- 9.1 All Bids submitted as of the Bid Closing shall remain in effect for a minimum of one hundred and twenty (120) Days following the Bid Opening if not permitted to be withdrawn as provided in these Instructions. If APS fails to either issue notice of intent to award, make an award, or request an extension of Bids prior to the expiration of such one hundred and twenty (120) day period, this solicitation shall be deemed cancelled. APS may request an extension of Bids prior to the expiration of such one hundred and twenty (120) Day period for a time stated in the request. No Bidder shall be required to consent to such extension and, if the Bidder declines to consent to the extension request, its Bid will be deemed withdrawn at the end of the one hundred and twenty (120th) Day after the Bid Opening and will not be considered further. For purposes of this circumstance only, the restrictions set forth below on withdrawal of a Bid are not applicable. The Bid of any Bidder who agrees to the extension request shall remain in effect for the period of time stated in the Owner's extension request.
- 9.2 A Bidder may make a written request to the Procurement Agent to withdraw its Bid at any time prior to the Bid Opening. The request must be time stamped as received by the Procurement Agent prior to the Bid Closing.
- 9.3 After the Bid Opening, a Bidder may make a written request to the Procurement Agent to withdraw its Bid. The written request must be time stamped as received by the Procurement Agent no later than 5:00 P.M. local time on the first full business day following the Bid Opening.
- 9.4 Whether the request to withdraw a Bid is made before or after the Bid Closing, a Bidder may request withdrawal of its Bid from consideration only if the price bid was substantially lower than the other Bids due solely to a clerical or arithmetical mistake therein, as opposed to a judgment mistake, and was actually due to an unintentional arithmetical error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the Bid, which can be clearly shown by objective evidence drawn from inspection of the Bidder's original work papers, documents and materials used in preparation of the Bid. The Bidder shall provide the original work papers, documents, and materials within the same time as required for the notice seeking withdrawal of the Bid.
- 9.5 If the Procurement Agent denies the written request to withdraw a Bid, the Bidder shall be notified in writing stating the reasons for the decision. Award of the Contract, if any award is made, shall be made to the Bidder at the Total Bid as is within available funds if the Bidder is a responsible Bidder submitting the lowest responsive Bid.
- 9.6 No Bid may be withdrawn when the result would be the awarding of the Contract on another Bid of the same Bidder or of another Bidder in which the ownership of the withdrawing Bidder is more than five (5) percent.
- 9.7 If a Bid is permitted to be withdrawn, it shall not be considered in determining the lowest responsive Bid.
- 9.8 No Bidder who is permitted to withdraw a Bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the Contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn Bid was submitted.

10. Rejection of Bids:

Arlington Public Schools reserves the right to cancel this Invitation to Bid and to reject any and all Bids, and to waive any informality in any Bid received.

11. Substitutions:

11.1 The name of a certain brand, make, manufacturer, or definite specification is to denote the quality standard of article desired, but does not restrict Bidders to the specific brands, make, manufacturer, or specification named provided that the Bidder has obtained approval of the substitute as required below. It is to set forth and convey to prospective Bidders the general style, type, character and quality of article desired. Whenever in the Contract Documents a particular brand, make of material, device or equipment is shown or specified, such brand, make of material, device or equipment shall be regarded as a standard. Any other brand, make of materials, device, or equipment which, in the opinion of the Owner, is recognized as the equal of that specified, and is considered equal in quality, workmanship, design and economy of operation, and is suitable for the purpose intended, will be accepted and may be used in the work if approved as a substitute, except as stated otherwise in Product Requirements.

11.2 Substitute materials proposed as equals to materials specified must be submitted in writing to the Owner, in care of the Procurement Agent with full substantiating data for evaluation no later than twenty (20) Days prior to Bid Closing, providing all information in accordance with the required Specification, Product Requirements, in the Contract Documents.

11.3. In the event any brand, make, manufacturer or definite specification is intended by the Owner to be the required brand, make, manufacturer or definite specification with no substitutions permitted, the reference thereto shall clearly state that no substitutions are permitted and the designated brand, make, manufacturer or definite specification shall be included in the Bid and provided by the Contractor to whom the Contract is awarded.

12. Form of Contract:

The Contract shall be written on the form included with this ITB as a Contract Document, "Agreement Between Owner and Contractor".

13. Examination of Site:

Bidders are highly encouraged to visit the Site, compare the Drawings and Specifications with any work in place, and inform themselves of all conditions, including other work, if any, being performed. Failure to visit the Site in no way relieves the successful Bidder from the necessity of furnishing any materials or performing any Work that may be required to complete the Work in accordance with the Drawings and Specifications without additional cost to the Owner.

Site visit of the existing building will be done with the coordination of Arlington Public Schools Project Manager, Frederick George via email (frederick.george@apsva.us) or phone (202) 770-6220. A walk-through for potential Bidders to explore the proposed building Site and existing conditions associated is scheduled October 16, 2023, at approximately 11:00 A.M. following the virtual Conference. To reserve a place on the Site visit Bidders are required to contact the Arlington Public Schools Project Manager no later than 5:00 PM on October 13, 2023. 14. Authority to Transact Business:

Any Bidder organized as a stock or non-stock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. The proper and full legal name of the firm or entity and the identification number issued to the Bidder by the Virginia State Corporation Commission must be written in the space provided on the Bid Form. If the Bidder is a joint venture which does not have a SCC identification number, then the name of the joint venture as appearing in the written joint venture agreement shall be provided, all members of the joint venture shall be identified by full name, and each member of the joint venture shall provide its SCC identification number or establish its exemption from such requirement. Any Bidder that is not required to be authorized to transact business in the Commonwealth shall include in its Bid a statement describing why the Bidder is not required to be so authorized. APS may require a Bidder or any member or principal of a Bidder identified above to provide documentation prior to award which: 1) clearly identifies the complete name and legal form of the firm or entity (i.e. corporation, limited partnership, joint venture, etc.), and 2) establishes that the firm or entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of a prospective and/or successful Bidder to provide such documentation shall be grounds for rejection of the Bid or cancellation of the award. For further information prospective Bidders should refer to the Commonwealth of Virginia State Corporation Commission website at: www.scc.virginia.gov.

15. Interest in More Than One Proposal and Collusion:

More than one Bid received in response to this solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names, or as a member of a joint venture, will be rejected. Reasonable grounds for believing that a Bidder is interested in more than one (1) Bid for a solicitation both as a Bidder and as a subcontractor for another Bidder, will result in rejection of all Bids in which the Bidder is interested. However, a firm acting only as a subcontractor may be included as a subcontractor for two (2) or more Bidders submitting a Bid for the work. Any or all Bids may be rejected if reasonable grounds exist for believing that collusion exists among any Bidders. Bidders rejected under the above provisions shall be disqualified if they respond to a re-solicitation for the same work.

16. Request for Comments:

Following the award of any Contract or Contracts, or the cancellation of this solicitation, all Bidders or potential Bidders are invited to provide to APS written comments regarding the manner in which this solicitation was conducted and any suggested modifications to that process which might make future solicitations by APS more efficient, more productive, and more attractive to potential Bidders.

Refer to Appendix A to Bid Form.

18. Mandatory Requirement:

Failure of the Apparent Low Bidder to provide the omitted Class 2 Mandatory Requirements within the stated timeframe will result in the Bid from the Apparent Low Bidder being considered non-responsive and no longer considered for Contract award. Pricing Breakdown for the Total Bid is to be provided in compliance with the requirements of Item 13 of the Bid Form.

The Bid from the Second Apparent Low Bidder will then be considered for Contract award. Failure of the Apparent Second Low Bidder to provide the omitted Class 2 Mandatory Requirements within the stated timeframe will result in the Bid from the Apparent Second Low Bidder being considered non-responsive and no longer considered for Contract award. This process will continue until a Contract, within budget, is awarded, or APS determines it to be in the best interests of APS to reject all bids and cancel the solicitation.

19. Employment of Illegal Aliens:

20.2 This requirement is applicable without exception for a person convicted of a felony or of a sexually violent offense as defined in Va. Agreement Between Owner and Contractor

CONTRACT 55FY24 is made and entered into this ___ day of _____, 2023; the date the Agreement is fully executed, between Arlington School Board, operating as Arlington Public Schools, Virginia (the "Owner" or "APS") and _____ (the "Contractor"), whose address is _____.

In consideration of the mutual stipulations, agreements and covenants contained herein, the parties hereby agree as follows:

1. **The Project**

Contractor shall provide all labor, services, equipment and materials necessary and required to complete the Work in accordance with the Contract Documents for the following Project:

Claremont Immersion Security Vestibule Renovation, located at 4700 S Chesterfield Rd, Arlington, VA 22206

2. **The Contract Documents**

The following, except for such portions thereof as may be specifically excluded, constitute the Contract Documents except for titles, subtitles, headings, running headlines, and tables of contents (all of which are used merely for convenience):

1. Agreement Between Owner and Contractor
2. General Conditions
3. Drawings and Specifications
4. Bid Documents and Addenda
5. Notice to Proceed

Modifications issued after execution of this Agreement have the precedence as addressed below.

In the event of a conflict between any Contract Documents, the order of precedence shall be in the order the Contract Documents are listed above, with the exception that any Addendum or Modification shall have precedence over the preceding version of the Contract Document modified thereby. In the event of a conflict within a Contract Document at the same level of precedence, that provision requiring the higher quality of performance or quantity shall prevail. In the event of a conflict which is not resolved by the foregoing, the Owner shall determine the provision having precedence in a manner consistent with the intent of the Contract Documents as a whole.

All provisions required by Law to be included in this Contract or otherwise applicable to this Contract shall be deemed to be a part of this Contract, whether actually set forth herein or not.

The Contract Documents are complementary and what is called for by one is as binding as if called for by all. If the Contractor finds a conflict, error, ambiguity or discrepancy in the Contract Documents, it shall immediately, in writing, call such conflict, error, ambiguity or discrepancy to the attention of Owner and the Owner's Representative before proceeding with the Work affected thereby. The Owner and/or the Owner's Representative shall promptly resolve the matter in writing. Work done by the Contractor after it discovered, or reasonably should have discovered, such conflicts, errors, ambiguities or discrepancies, prior to written resolution thereof by the Owner, shall be done at the Contractor's expense and the Contractor shall bear the risk of any delay arising therefrom or related thereto. Any Work that may reasonably be inferred from the Specifications or Drawings as being required to produce the intended result shall be supplied whether or not it is specifically called for. Work, materials or equipment described in words which so applied have a well-known technical or trade meaning shall be deemed to refer to such recognized standards.

The Contractor shall be held to a standard of strict compliance with the requirements of the Contract Documents in the performance of the Work, for giving Notice of any type to the Owner or to the Owner's Representative, and for making any submittal required for any purpose. The Contractor acknowledges and agrees that all time requirements set forth in the Contract Documents for any purpose are of the essence.

3. **Definitions**

All words and terms shall have the meanings assigned to them in Part 1 of the General Conditions, unless a different meaning is clear from the context.

4. **Contract Period**

The Work will be completed in accordance with the Contract Documents and will have the following start, Substantial Completion, and Final Completion dates:

February 1, 2024:	Anticipated Notice to Proceed (NTP) for Project Administrative Contract Deliverables (except as needed for preparing the Drawings, equipment layout, measurement, etc. No on-site mobilization or other activity is permitted until the Construction NTP is issued)
June 18, 2024:	Anticipated NTP for Project Site Mobilization and Construction (Obtaining all trade permits required for the Work and approval of all Submittals is a condition precedent to issuance of the Site Mobilization/Construction NTP)
August 15, 2024:	Substantial Completion
September 29, 2024:	Final Completion

These dates are subject to adjustments as provided in the Contract Documents. In the event of any change to either Substantial Completion Date as provided by the Contract Documents, the Final Completion

Date shall be thirty (30) days after the latest revised Substantial Completion Date.

5. **Contract Sum**

Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents. The Contract Sum is:

In Writing:

In Figures:

6. **Liquidated Damages**

The Owner and the Contractor recognize that time is of the essence in this Agreement and that Owner will suffer damages if Substantial Completion, and thereafter Final Completion, of the Work, or of any individual Phase of the Work for which a Substantial Completion, and if applicable, Final Completion, date with associated Liquidated Damages is established by the Contract Documents, is not complete within the time specified in Paragraph 4 above, plus any extensions thereof allowed in accordance with Part 10 of the General Conditions. The Owner and the Contractor agree that the actual damages to be incurred by the Owner in the event of late completion are not readily ascertainable or capable of estimation at the time of contracting. It is understood and agreed that the Liquidated Damages amount shall not be affected by the Owner's use or occupancy of, or by the achievement of Substantial Completion or Final Completion of, less than the entirety of the Work to which the Liquidated Damages amount may be applicable. The Contractor hereby waives without condition or limitation any objection that the amount of Liquidated Damages set forth below is void as a penalty or is not reasonably related to actual damages. Without limitation of the foregoing, Contractor also agrees that any deduction of Liquidated Damages from amounts otherwise payable to Contractor shall not constitute improper or wrongful nonpayment of Contractor and Contractor without limitation or condition conclusively waives any claim or cause of action premised in whole or in part on any such deduction of Liquidated Damages. In the event more than one ground for assessment of Liquidated Damages as set forth herein exists concurrently, such grounds shall be deemed to be, and hereby are agreed to be, independent and all applicable Liquidated Damages shall be assessed and deducted cumulatively. In the event that, subsequent to any deduction of Liquidated Damages as authorized herein, a time extension is granted or any determination is made which affects in whole or in part the amount of Liquidated Damages deducted, Contractor acknowledges and agrees that its sole remedy shall be payment by the Owner of the principal amount of Liquidated Damages so determined to be payable to the Contractor plus interest as provided in the Contract Documents. Accordingly, the Owner and the Contractor agree that as Liquidated Damages for delay in achieving timely completion as required by the Contract (but not as a penalty), the Contractor shall:

a. Pay Owner **One Thousand, One Hundred Dollars (\$1,100.00)** for each day that expires after the time specified in Paragraph 4 for each of the **Substantial Completion Dates**, plus any approved time extensions, until Substantial Completion is achieved; and Pay Owner **Six Hundred Dollars (\$600.00)** for each day that expires after the time specified in Paragraph 4 for the **Final Completion Date**, plus any approved time extensions, until Final Completion is achieved.

b. Contractor hereby consents to the Owner withholding from amounts otherwise payable to the Contractor all Substantial Completion Liquidated Damages and Final Completion Liquidated Damages which have been assessed through the date of payment. If the amount of Substantial Completion Liquidated Damages and Final Completion Liquidated Damages assessed exceeds the amount otherwise payable to Contractor, Contractor shall make payment thereof to Owner within fourteen (14) days following issuance by Owner of Notice of payment due for Substantial Completion Liquidated Damages, Final Completion Liquidated Damages, or both.

7. **Payment Procedures**

a. Contractor shall submit Application for Payment in accordance with the General Conditions and Applications for Payment will be processed by the Owner's Representative and Owner as provided in the General Conditions.

b. Contractor hereby consents to the Owner deducting from amounts otherwise payable to the Contractor and retaining any and all amounts payable to the Owner by the Contractor for any reason stated in the Contract Documents assessed or payable through the date payment is due Contractor from Owner. If the amount payable to the Owner by the Contractor exceeds the amount otherwise payable to Contractor by Owner, Contractor shall make payment thereof to Owner within fourteen (14) days following issuance by Owner of Notice of payment due.

8. **Interest**

All funds not paid when due as provided by Parts 8, 10 and 11 of the General Conditions shall bear interest at the rate of 0.5 percent per month.

9. **No Assignments**

No assignment by either party hereto of any rights or interest under any of the Contract Documents will be effective unless in writing signed by the authorized representative of each party; and no assignment will release or discharge the assignor from any responsibility under the Contract Documents. Owner shall be under no obligation to consent to any request by Contractor for approval of an assignment as the Contractor's obligations are intended not to be assignable.

10. **Governing Law**

This Agreement and each of the Contract Documents shall be governed and construed in accordance with the laws of the Commonwealth of Virginia without reference to conflict of laws principles. This Contract and the Work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia and the jurisdiction, forum, and venue for any litigation with respect thereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing the Work under this Contract, Contractor shall comply with applicable federal, state, and local laws, ordinances, and regulations.

11. **Binding Agreement**

Written interpretations so requested shall be issued by the Owner's Representative in a manner commensurate with the timely execution of the Work, shall be consistent with the intent of the Contract Documents, and shall be in accordance with the approved Project Schedule.
- B. The Contractor shall pay to Owner any amounts paid by the Owner to the Owner's Representative for the Owner's Representative to evaluate and respond to the Contractor's request for interpretation, where such information was available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation.

2.6. **COPIES AND OWNERSHIP OF CONTRACT DOCUMENTS:**

of storage of electronic documents change during the Contract Period, the Contractor shall not be entitled to a change in the Contract Sum.

- B. Original Drawings and Specifications are the property of the Owner, and the Contractor may not use the Drawings and Specifications produced pursuant to this Agreement for any purpose not relating to the Project without the Owner's consent.
 - C. The Owner's Representative (Architect) will make available to the Contractor versions of the Drawings, Specifications, and Addenda in electronic format (i.e. PDF file formats). The Contract Drawings executed or identified in accordance with Paragraph 1.7. shall prevail in cases of an inconsistency with subsequent versions made through manipulative electronic means involving computers.
 - D. The Contractor shall not transfer or reuse Drawings and Specifications in electronic or machine-readable form without prior written consent of the Owner's Representative.

- 3.6 **REJECTION OF WORK:** The Owner's Representative and/or the Owner shall have the authority to reject Work that does not conform to the requirements of the Contract Documents. In the event rejected Work requires additional testing or additional inspections, Contractor shall pay the Owner all amounts paid by the Owner to the Owner's Representative and other third party consultants for any such additional testing or inspections. The Owner's Representative and/or the Owner shall have the authority to order special inspections or tests, regardless of whether or not the Work has been fabricated, installed or completed. No responsibility or duty of the Owner's representative and/or the Owner to the Contractor, Subcontractors, or Sub-subcontractors shall be created by this authority or by good faith decisions rendered in the exercise of this authority.  2. Notify the Owner and the Subcontractor in writing of the intention to withhold all or part of the amount due a Subcontractor and state the reason for such withholding.
- B. In the event the Contractor fails to submit a timely Application for Payment, and that failure is due exclusively to the actions of the Contractor, the Subcontractor shall have the right to be paid by the Contractor upon demand of the amounts due.
- C. In the event that the Contractor has not received payment from Owner for Work performed by a Subcontractor, the Contractor shall be liable for the entire amount owed to such Subcontractor and shall pay such Subcontractor within sixty (60) days of the receipt of an invoice following satisfactory completion of the Work for which the Subcontractor has invoiced. The Contractor shall not be liable for amounts otherwise reducible due to the Subcontractor's noncompliance with the terms of the Subcontract. However, in the event that the Contractor withholds all or a part of the amount invoiced by the Subcontractor under the terms of the Subcontract, the Contractor shall notify the Subcontractor within fifty (50) days of the receipt of such invoice, in writing, of the Contractor's intention to withhold all or a part of the Subcontractor's payment with the reason for nonpayment, specifically identifying the contractual noncompliance, the dollar amount being withheld, and the lower-tier Subcontractor responsible for the contractual noncompliance. Payment by Owner to the Contractor shall not be a condition precedent to payment of any lower-tier Subcontractor, regardless of that Contractor's receiving payment for amounts owed to that Contractor. Any provision in any Subcontract contrary to this Paragraph 6.4.C shall be unenforceable. Nothing in this Paragraph 6.4.C shall be construed to apply to or prohibit the inclusion of any retainage provisions in a Subcontract.
- D. The Contractor shall pay interest on amounts owed to the Subcontractor which remain unpaid seven (7) days after the Contractor's receipt of payment from the Owner or which remain unpaid pursuant to the requirements of Paragraph 6.4.C. Interest on such amounts shall accrue at the rate of one percent (1.0%) per month. Amounts owed the Subcontractor which have been withheld pursuant to Paragraph 6.4.A.2 shall not accrue interest.
- Insurance proceeds received by the Contractor under the insurance policies described in Paragraph 13.D shall be equitably distributed to the Subcontractors affected by the insured loss.
- E. Information concerning percentages of completion of Work performed by a Subcontractor as shown in Application for Payment may be made available to that Subcontractor upon determination of the Owner.
- F. The Contractor shall include in each subcontract a requirement that each Subcontractor shall be bound by and subject to the provisions of Paragraph 6.4 in regard to payments made to its Sub-Subcontractors.
- G. The Contractor's obligations with respect to payments to its Subcontractors as outlined in Paragraph 6.4 above shall not operate to create any obligation or contractual relationship

between the Owner or the Owner's Representative and any Subcontractor or Sub-subcontractor.

- H. The Contractor's obligation to pay an interest charge to a Subcontractor is not an obligation of the Owner. A Contract Modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement Claim shall not include any amount for reimbursement for the interest charge.
- I. All provisions herein required to be included in a subcontract are intended for the benefit of Subcontractors.

PART 7 SEPARATE CONTRACTS

7.1 OWNER'S RIGHT TO AWARD SEPARATE CONTRACTS:

- A. The Owner reserves the right to award to Separate Contractors separate contracts in connection with other portions of the Project or other construction or operations on the Project Site.“”
- B. At no additional cost to the Owner, the Contractor shall coordinate the Work with the activities of each Separate Contractor. When directed to do so by the Owner, the Contractor shall participate with Separate Contractors and the Owner in reviewing their separate construction schedules and shall make any revisions to incorporate that activity into the Project Schedule necessitated thereby.
- C. The Contractor shall afford the Owner and any Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.
- D. If part of the Contractor's Work depends for proper execution or results upon construction or operations by a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Owner in writing any apparent discrepancies or defects in such construction or operations performed by a Separate Contractor that would render it unsuitable for such proper execution and results. Failure of the Contractor to report such apparent discrepancies and/or defects shall constitute an acknowledgment that the Separate Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

PART 8 CLAIMS FOR MONETARY RELIEF

- 8.1 If the Contractor wishes to make a Claim, whether for extra compensation, damages or other relief, by reason of any act or omission of the Owner or its agents or representative or other causes beyond the reasonable control of the Contractor, the Contractor shall comply with the requirements set forth below. Strict compliance with all Claims submission requirements set forth below or in any other provision of the Contract Documents shall be a condition precedent to the Contractor's right to pursue any Claim or to recover or prevail thereon. All time requirements set forth as Claims submission requirements shall be deemed to be of the essence. Compliance with all Claims submission requirements shall not, however, create any presumption of validity of any Claim.

- A. The Contractor must at the time of the discovery of the occurrence of the event giving rise to the Claim and before beginning any work on which the Claim is based deliver to the Owner's Representative, to the Procurement Agent, and to the Owner's Project Manager a written statement identifying itself as a Notice of Claim, stating the circumstances of the occurrence, specifying the additional work contemplated as being required, state why such work is not already included within the scope of the Contract Documents, and to the extent reasonably foreseeable estimate the anticipated amount of the Claim.
- B. If the Owner within five (5) Working Days following receipt of such Notice of Claim does not direct the Contractor otherwise, the Contractor shall proceed with the work which is the subject of the Claim and within ten (10) calendar days after completion of the work for which additional compensation is claimed shall submit in writing to the Owner's Representative, to the Owner's Project Manager, and to the Procurement Agent a written itemization of the actual additional compensation claimed, with all supporting documentation.
- C. The Procurement Agent or his designee shall make a determination within ninety (90) days after receipt of the submission described in Subparagraph B above, which decision shall be the final determination of the Owner. Failure by the Procurement Agent to issue a final decision shall be deemed a final decision to deny the Claim as of the ninetieth (90th) day. A final decision by the Owner shall be a condition precedent to institution by the Contractor of any judicial claim for relief on the Claim. The Contractor's right to seek judicial appeal of denial of a Claim is barred if no suit is filed within six (6) months following the Owner's final decision. No consideration by the Owner of any additional submissions by the Contractor in support of any Claim shall extend this six-month limitation.
- D. The Contractor shall comply with all directions and decisions of the Owner's Representative, the Owner's Project Manager, or the Procurement Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any Claim or dispute. "Final resolution" shall include the exhaustion of all judicial proceedings.
- E. No Claim whatsoever shall be made by the Contractor against any officer, authorized representative or employee of the Owner or Owner's Representative for, or on account of, anything done or omitted to be done in connection with this Contract.
- F. Failure of the Owner at any time to require compliance with any term or condition of the Contract Documents or of any Claims submissions requirements shall not be deemed a waiver of such term, condition, or requirement, or a waiver of the subsequent enforcement thereof.
- G. In the event the Contractor makes a Claim for additional compensation other than for damages related to delay which results in litigation, if the Owner substantially prevails in such litigation the Contractor shall indemnify and hold the Owner harmless from any and all reasonable attorneys' fees, litigation costs of all types, and expert witness fees and costs, arising from or related to such Claim and litigation. Any Claim for delay damages shall be subject to the provisions of Va. Code. Ann. § 2.2-4335.
- H. If additional compensation is granted as to any Claim, either by consent of the Owner or by judicial decision, the Contractor shall not be entitled to recover any interest on any amounts claimed to be due from the Owner which are the subject of a good faith dispute by the Owner which are paid within thirty (30) days following final resolution of such dispute. Interest shall accrue on any Claim not paid within such thirty (30) days at the legal rate of six percent (6%) per annum simple interest commencing on the date of such final resolution.

- I. No Claims provision in this Agreement waives the Owner's sovereign immunity or waives the ability of the Owner to invoke sovereign immunity where sovereign immunity may be applicable.

PART 9 CHANGES IN THE WORK, ACTUAL OR ASSERTED

9.1 MINOR CHANGES:

- A. The Owner reserves the right to make such additions, deletions, or changes to the Work as may be necessary or desirable in its sole and absolute discretion to complete the Work; provided, however, that no such additions, deletions or changes shall materially affect the substance of the Work or the cost or time for performance thereof. This Contract shall in no way be invalidated by any such additions, deletions or changes. If the Contractor deems any such change to be not within the reasonably foreseeable scope of the Project and a material change to the scope of the Project for which the Contractor is entitled to additional compensation or any extension to the Contract Time, such Claim shall be governed by the Claims submittal procedures set forth in the Contract Documents and the date of the Owner's written direction for such addition, deletion or change shall be deemed to be the occurrence.
- B. Construction conditions may require minor changes in the location and installation of the Work and equipment to be furnished and other Work to be performed hereunder. The Contractor, when ordered by Notice from the Owner's Representative, shall make such adjustments and changes in the locations and Work as may be necessary without additional cost to the Owner, provided such adjustments and changes do not materially alter the character and quantity of the Work as a whole, and provided further that Drawings and Specifications showing such adjustments and changes are given to the Contractor by the Owner within fourteen (14) days following such Notice from the Owner's Representative. The Owner's Representative shall act as an advisor to the Owner in what constitutes a minor change for which no additional compensation or time shall be allowed. If the Contractor deems any such change to entitle it to additional compensation or any extension to the Contract Time, such Claim shall be governed by the Claims submittal procedures set forth in the Contract Documents and the Owner's Representative's written direction for such minor change shall be deemed to be the occurrence.
- C. The Contractor may be entitled to an extension of time for such minor changes only for the number of days which the Owner's Representative may determine to be necessary to complete such changes and only to the extent that such changes actually affect the critical path and delay the completion of the Project, and then only if the Contractor shall have strictly complied with all the Claims submittal requirements of the Contract Documents.

9.2 EXTRA WORK:

- A. The Owner may, in its sole and absolute discretion, and without invalidating the Contract, at any time, and without notice to the Sureties, require the performance of such Extra Work as it deems necessary or desirable. The Owner may order changes in the Work by altering, adding to or deducting from the Work by issuing a Work Order or a Unilateral Change Order. If the Contractor disagrees with the Owner's Modification of the Contract Price or Contract Time as set forth in the Work Order or Unilateral Change Order, or disagrees that the subject of the Work Order or Unilateral Change Order does not impact Contract Price or Contract Time, the Contractor shall proceed with the Work as directed and any Claim for additional compensation or an extension of time shall be governed by the Claims submittal

Claremont Immersion Security Vestibule Renovation

procedures set forth in the Contract Documents and the date of the Work Order or Unilateral Change Order shall be deemed to be the occurrence.

- B. The Contractor shall not be entitled to any additional compensation or to any increase in the Contract Time for any work performed by Contractor which Contractor asserts is Extra Work performed by the Contractor prior to issuance by Owner of a Work Order or Change Order. If Owner may order the removal or alteration at the Contractor's expense of any work the Contractor asserts is extra work performed without a validly issued Work Order or a Change Order. If removal or alteration is ordered any Claim for additional compensation or an extension of time arising from such removal or alteration shall be governed by the Claims submittal procedures of the Contract Documents and the date of the Owner's order to remove or alter shall be the occurrence.
- C. A Work Order covering extra work shall be valid only if issued by Notice by the Owner and/or the Owner's Representative prior to initiation of the Work described therein. A Work Order directs changes in the Work and will state the basis for adjustment, if any, in the Contract Sum, the Contract Time, or both. A Work Order may be used in the absence of total agreement on the terms of a Change Order or when, in the opinion of the Owner, the time needed to process a Change Order would adversely affect progress on the job. Upon receipt of a Work Order the Contractor shall promptly proceed with the change in the Work involved and advise the Owner's Representative of the Contractor's agreement or disagreement with any method, if any, provided in the Work Order for any proposed adjustment in the Contract Sum or Contract Time, or both, resulting from the Work Order, or with the method, if any, provided in the Work Order for determining any adjustment to the Contract Sum or Contract Time resulting from the Work Order. Regardless of any objection by Contractor to the terms of the Work Order, Contractor shall proceed with the Work directed thereunder. If the Contractor does not give Notice to the Owner and the Owner's Representative of any disagreement with the adjustment or method of adjustment of the Contract Price or the Contract Time set forth in the Work Order within five (5) Days following issuance of the Work Order, the Contractor shall be deemed conclusively to have agreed with the terms of the Work Order and shall be barred from pursuing any Claim based on disagreement therewith. Such Notice, if given, shall be valid only if Contractor includes its proposed alternative adjustment or method for determining adjustment to the Contract Price or the Contract Time, or both, and the justification therefore. When agreement is reached on any adjustment on Contract Time or Contract Price, or both, whether by affirmative consent or by deemed accepted, the terms of the Work Order shall be incorporated into a Change Order. Any Claim arising from a Work Order shall be governed by the Claims submittal procedures set forth in the Contract Documents, and the date of the Work Order shall be the occurrence.
- D. If the Contractor signs a Change Order, or the Change Order results from agreement on a Work Order as set forth above, Contractor acknowledges and accepts the terms and conditions of the Change Order as full and final agreement and an accord and satisfaction as to all Claims for compensation or time for the Work described.
- E. Additional provisions regarding determination of the amount of compensation to be paid to the Contractor for any extra work ordered by a Work Order are set forth in Section 01 2600 of the Specifications.
- F. Records of extra work performed hereunder, if any, shall be submitted to the Owner's Representative, within 24 hours of the work being complete. Advanced notification must be provided to the Owner and / or Owners Representative prior to the initiation of the work described therein. Strict compliance with these requirements shall be a condition precedent

to compensation for such work, but strict compliance shall not of itself entitle Contractor to any additional compensation sought. Duplicate copies of accepted records shall be made and signed by both Contractor or his representative and the Owner's Representative, and one copy retained by each.

9.3. OMITTED OR DELETED WORK:

- A. The Owner may at any time by a written order and without Notice to the Surety require the omission or deletion of such Work as the Owner may find necessary or desirable in its sole and absolute discretion.
- B. An order for omission or deletion of Work shall be valid only if issued by Notice by the Owner and/or the Owner's Representative. Upon receipt of such Notice the Contractor shall remove the deleted Work from the Schedule of Values and from the Project Schedule. The amount by which the Contract Sum shall be reduced shall be determined in accordance with Specifications, Section 01 2600.
- C. Contractor shall not be entitled to any extension of the Contract Time as a direct or indirect result of any omission or deletion of Work by Owner, except to the extent Contractor can establish that, despite prompt, reasonable and diligent efforts to do so, it was not able to modify the Project Schedule in a manner which would avoid delay to the critical path resulting solely from such omission or deletion of Work by Owner. All Claims for any such delay shall be governed by the Claims submittal procedures set forth in the Contract Documents, and the date of the Owner's Notice shall be the occurrence.

9.4. AUDIT:

- A. The Owner and its authorized representatives shall have access to all records necessary to perform a complete audit of the Contractor for the purposes of verifying that the certified cost or pricing data submitted in support of any Claim or other request for payment were accurate, complete and current. The Owner shall, until the expiration of three years from the date of Final Payment, have the right to examine and copy those books, records, documents, papers and other supporting data which involve transactions related to this Contract or which permit adequate evaluation of the cost or pricing data submitted, along with the computations and projections used therein (the "Records"), and the Contractor hereby covenants to maintain the Records in good order for such time and to deliver promptly the Records to the Owner upon request.
- B. The Contractor agrees to include in all subcontracts a provision to the effect that the Owner and its authorized representatives will, until three years from the date of final payment under the subcontract have access to and the right to examine and copy those books, records, documents, papers and other supporting data which involve transactions related to the subcontract or the Work of Subcontractor.

9.5. HAZARDOUS MATERIALS:

- A. "Hazardous Materials" shall mean any substance or material defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "toxic substances," "toxic pollutants" or words of similar import under any federal law or law of the Commonwealth of Virginia or regulations promulgated by the Commonwealth of Virginia Department of Environmental Quality, or are regulated or prohibited under any federal law or law of the Commonwealth of Virginia pertaining to protection of human health, the

environment, or natural resources.

- B. No materials or equipment containing asbestos, or any other Hazardous Material shall be utilized in the construction of the Project, unless such Hazardous Materials are specified by the Contract Documents as required to perform the Work. In the event a substitute product is needed, and time does not allow for the mandated submittal process, the Contractor shall confirm these materials do not contain asbestos or any other Hazardous Material as noted above in writing to the Owner or Owner's Representative and will provide the MSDS sheets to the Owner and Owner's Representative prior to being allowed to install the product on the Project.
- C. In the event any Hazardous Materials are brought onto the Project Site in violation of this provision, Contractor shall be solely responsible for all costs associated with responding to governmental action, removal, investigation, cleanup, or other remedial action required by applicable governmental authorities.
- D. If the Contract Documents identify pre-existing Hazardous Materials on the Project Site, Contractor shall comply strictly with all directions given by the Contract Documents in dealing with such Hazardous Materials. In the event Hazardous Materials are released due to failure of Contractor to comply with the directions given by the Contract Documents, or due to negligent or reckless conduct for which Contractor is responsible, Contractor shall be solely responsible for all costs associated with responding to governmental action, removal, investigation, cleanup, or other remedial action required by applicable governmental authorities.
- E. If the Contractor encounters Hazardous Materials not disclosed by the Contract Documents, the Contractor shall immediately cease Work in the affected area, seal the affected area off to the extent conditions allow, and Notify the Owner's Representatives, the Owner's Project Manager, and the Procurement Agent. Owner shall be responsible for any remedial action required to address the condition. Contractor shall continue performance on Work not requiring remedial action by Owner. Any Claim by Contractor for the unexpected presence of Hazardous Materials shall be subject to the Claims submission procedures of the Contract Documents, with the date of discovery of the Hazardous Materials being the date of the occurrence.

PART 10 TIME

10.1 TIME OF START AND COMPLETION:

- A. The Contractor shall commence Work within ten (10) days after receipt of the Notice to Proceed. Time being of the essence with respect to this Contract, the Contractor shall prosecute the Work diligently, using such means and methods of construction as will secure its full completion in accordance with the requirements of the Contract Documents, and will complete the Work within the Contract Time. The Contractor shall provide a Project Schedule for the performance and completion of the Work as prescribed in Specifications Section 01 3200. By submitting a Bid the Contractor confirms that the Contract Period is a reasonable period for performing the Work. The Contractor shall proceed expeditiously with adequate forces, scheduling and resources to complete the Work within the Contract Period.
- B. The Owner and the Contractor hereby acknowledge and agree that time is of the essence with respect to this Contract and that in the event the Contractor fails to complete the work within the Contract Period, the Owner and the Contractor agree to liquidated damages for late

completion as set forth in the Contract. The Contractor and the Surety hereby agree that the stated sum per day for each such day of delay shall be deducted and retained out of the moneys which may become due Contractor hereunder and if not so deductible, the Contractor and its Surety shall promptly make payment to Owner of the amount due upon receipt of demand by Owner for such payment.

10.2. CONSTRUCTION MOBILIZATION:

The Contractor's mobilization to perform the Work shall commence at the issuance of a written Notice to Proceed and shall be completed within thirty (30) days of the date of the Notice to Proceed. At a minimum, the construction mobilization phase shall include the following:

1. Submission of an acceptable detailed Schedule of Values in compliance with the requirements of General Conditions Part 11 PAYMENTS AND COMPLETION Paragraph 11.2 within ten (10) Days of the date of the Notice to Proceed;
2. Submission of Contractor Certification of Criminal Conviction form, due within ten (10) days of Notice to Proceed;
3. Submission of an acceptable Startup Construction Schedule within seven (7) Days of the date of the Notice to Proceed pursuant to Specifications Section 01 3200.
4. Submission of a proposed List of Sub-contractors within ten (10) days of Notice to Proceed as required by General Conditions Part 6 SUBCONTRACTORS Paragraph 6.2
5. Submission of an acceptable Project Schedule pursuant to the requirements of Specifications Section 01 3200;
6. Submission of an acceptable submittal schedule pursuant to the requirements of Specifications Section 01 3300.
7. Submission of an acceptable Erosion and Sedimentation Control Plan as required by Specifications Section 01 5000;
8. Completed installation of required Phase 1 Erosion & Sediment Controls, perimeter construction fence and Contractor and Owner's Representative's onsite construction trailers, as required by the Contract Documents;
9. Submission of an acceptable Waste Management Plan.
10. Satisfaction of all of the foregoing requirements construction mobilization requirements is a condition precedent to any obligation of Owner to accept, consider or act upon any request by Contractor for payment, or to make any payment of any kind to Contractor.

10.3 EXTENSION OF TIME:

- A. The parties agree that no extension beyond any required date of completion, whether Substantial Completion or Final Completion, fixed by the terms of the Contract shall be effective unless granted in writing, and signed by the Owner's Procurement Agent or his designee. All time requirements set forth herein shall be of the essence. It shall be a condition

precedent to any Claim for extension of time that the Contractor comply strictly with all of the following requirements, but compliance of itself shall not establish the validity of any Claim:

1. Give Notice of delay in writing to the Owner's Representative, to the Owner's Project Manager, and to the Procurement Agent within two (2) days of the occurrence which gives rise to the alleged delay, or within seven (7) days of the beginning of the delay if the resulting delay was not reasonably foreseeable at its commencement. Delays based on weather occurrences shall be submitted in accordance with, and are subject to the limitations of, General Conditions Part 10 TIME Paragraph 10.6. The Notice of Claim for delay shall identify itself as a Notice of Claim, shall state the circumstances of the occurrence, shall state the justification for the delay and for the extension of time, and shall state the estimated duration of the delay and of the extension requested. In case of a continuing cause of delay, only one Notice shall be required so long as the delay asserted is continuous, but an additional Notice shall be given at least every fourteen (14) days providing a statement of what the Contractor has done to mitigate or overcome the cause of the delay, how long the delay is anticipated to continue, and the justification for such projection.
 2. The Contractor shall submit to the Owner's Representative, to the Project Manager, and to the Procurement Agent a statement of the actual time extension requested as a result of the Claimed delay, which shall include all documentation and supporting information for such Claimed delay required by this article and by any applicable Contract Specifications, within twenty-one (21) days after the delay has ceased.
 3. The Contractor shall comply with all directions and decisions of the Owner's Representative, the Owner's Project Manager, or the Procurement Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any Claim or dispute. "Final resolution" shall include the exhaustion of all judicial proceedings.
 4. The Contractor shall make no Claim against any officer, agent or employee of Arlington Public Schools for, or on account of, any act or omission to act in connection with the Contract, and to the extent permitted by applicable law acknowledges and agrees that any and all rights to make any such Claim are waived without condition or limitation.
 5. Strict compliance with all applicable submittal requirements shall be a condition precedent to entitlement to any extension of time, but such compliance shall not of itself establish entitlement. Failure to comply with the foregoing submittal requirements shall be deemed a conclusive waiver, without limitation, of any Claim for extension of time arising from or related to the alleged occurrence.
- B. The Contractor shall not be entitled to any extension of time for delay in completion of the Work unless such delay is caused solely by any act or delay caused by the Owner, or by riot, insurrection, war, pestilence, acts of public authorities, fire, earthquakes, or by strikes, or other causes, which in the opinion of the Owner, are entirely beyond the expectation and control of the Contractor. The Contractor shall be entitled to an extension of time for such causes only for the number of days of delay which the Owner's Representative may determine to be due solely to such causes and only to the extent that such occurrences actually delay achieving the applicable completion date, and then only if the Contractor shall have strictly complied with all applicable Claims submission requirements of this Contract, including, without limitation, Paragraph 10.1. To the extent any delay for which the Contractor seeks an extension of time

is due concurrently to causes for which Contractor may be entitled to a delay and to causes within the reasonable control or foreseeability of the Contractor, the Contractor shall not be entitled to any extension of time.

- C. The Contractor is to assume ten (10) Days delay from the date of Notice to Proceed to the date of Project Substantial Completion. These ten (10) Days shall be known as "Owner Float," and may be applied to any delay from any cause, at the Owner's sole discretion, including but not limited to Owner caused delay. The Contractor shall include this Owner Float in the Contract Period, in the Contract Sum, and shall incorporate the Owner Float in the Project Schedule. The Contractor will not be compensated, neither monetarily nor by time extension, for any delay to which the Owner elects to apply any portion of the Owner Float so long as the Owner Float has not been exhausted.
- D. The Owner's Procurement Agent or his designee shall issue the Owner's final decision on any Claim for delay within ninety (90) Days following receipt of the Contractor's final submission in support of the Claim, if submitted timely. Failure of the Procurement Agent to issue a written decision shall be deemed a final decision to deny the Claim as of the ninetieth (90) Day. A final decision by the Owner shall be a condition precedent to institution by the Contractor of any judicial proceeding for relief on the Claim. The Contractor's right to seek a judicial appeal of denial of a Claim for extension of time is barred if no suit is filed within six (6) months following the Owner's final decision on the Claim. No consideration by the Owner of any additional submissions by the Contractor in support of any Claim shall extend this six month period.
- E. Delays caused by the failure of the Contractor's Subcontractors, suppliers and dealers to furnish approved working drawings, shop drawings, submittals, materials, fixtures, equipment, appliances, or other fittings on time or the failure of Subcontractors or Sub-Subcontractors to perform their Work in conformity with the Project Schedule or other requirements of the Contract Documents shall not constitute a basis for extension of time.
- F. The Contractor making a Claim against the Owner for costs or damages due to unreasonable delays caused by the Owner, and its agents or employees, shall be liable to the Owner for a percentage of all the costs the Owner incurs in investigating, analyzing, negotiating, and litigating the Claim, which percentage shall be equal to the percentage of the Contractor's total delay Claim which is determined through litigation to be incorrect or to have no basis in law.
- G. No Claims provision in this Agreement waives the Owner's sovereign immunity or waives the ability of the Owner to invoke sovereign immunity where sovereign immunity may be applicable.
- H. The Contractor shall comply with all directions and decisions of the Owner's Representative, the Owner's Project Manager, or the Procurement Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any Claim or dispute. "Final resolution" shall include the exhaustion of all judicial proceedings.

10.4 RECOVERY SCHEDULE:

If at any time during Contractor's performance, in the sole opinion of the Owner, it may reasonably be predicted that the Contractor is going to achieve Substantial more than 14 days later than the Contract Time, or should the Contractor be required to undertake actions under General Conditions Part 10 TIME

Claremont Immersion Security Vestibule Renovation
Arlington Public Schools

Paragraph 10.6, the Contractor shall submit a Recovery Schedule to the Owner within five (5) days after receiving a written request from the Owner to do so. The Recovery Schedule shall explain and display how the Contractor intends to reschedule its Work at no additional cost to the Owner, in order to regain during the immediate subsequent pay period a reasonable projection of achieving Substantial Completion within the Contract Time. The Recovery Schedule shall include as many of the following actions as may be necessary, all at no additional cost to the Owner:

- A. Increase construction manpower in such quantities and crafts as will substantially eliminate the backlog of Work;
- B. Increase the number of working hours per shift; shifts per working day, or days per week; the amount of construction equipment; the forms for concrete work or other trade specific materials or equipment; or any combination of the foregoing to substantially eliminate the backlog of Work;
- C. Reschedule activities to achieve maximum practical concurrency of accomplishment of activities, and comply with those revisions.
- D. If the Contractor shall fail to submit an acceptable Recovery Schedule within the time required, the Owner or the Owner's Representative may direct the level-of-effort in manpower (trades), equipment, and work schedule (overtime, weekend and Holiday work, etc.) to be employed by the Contractor in order to remove or arrest the delay to the critical path in the accepted schedule, and the Contractor shall promptly provide such level-of-effort at no additional cost to the Owner.
- E. Should it be deemed necessary, in the Owner's sole discretion, that delays or incomplete Work have warranted the use of outside sources to arrest a delay or to complete incomplete Work, the Owner has the right to back-charge the Contractor for all costs incurred by the Owner in the use of outside sources.

10.5 **PHASING MILESTONES:** Substantial Completion and Final Completion Dates for each Phase must be accomplished in an orderly and timely manner in order to complete the Project on time and not delay or hinder the Owner's occupancy of the completed Project. The Substantial Completion and Final Completion Dates are set forth in the Contract. These dates shall be binding upon the Contractor, subject to the provisions of the Contract Documents addressing extensions of the Contract Time. The Contractor shall include all required Substantial Completion and Final Completion dates in its Project Schedule in accordance with scheduling standards set forth in Specification Section 01 3200.

10.6 **CONTRACTOR DELAYS:** The Contractor agrees that whenever it becomes apparent from review of the current monthly Project Schedule Update that delays to the critical path have resulted and, hence, that there is reasonable ground to anticipate that any Substantial Completion Date or Final Completion Date established by the Contract will not be met, or when so directed by the Owner, the Contractor shall take some or all of the following actions at no additional cost to the Owner:

- A. Increase construction manpower in such quantities and crafts as will substantially eliminate the backlog of Work;
- B. Increase the number of working hours per shift; shifts per working day, or days per week; the amount of construction equipment; the forms for concrete work or other trade specific materials or equipment; or any combination of the foregoing to substantially eliminate the backlog of Work;

- C. Reschedule activities to achieve maximum practical concurrency of accomplishment of activities, and comply with those revisions;
- D. The Contractor shall submit to the Owner's Representative for review a written statement of the steps the Contractor intends to take to remove or arrest the delay to the Project Schedule. If the Contractor shall fail to submit a written statement of the steps it intends to take or should fail to take such steps as required by the Contract, the Owner or the Owner's Representative may direct the level-of-effort in manpower (trades), equipment, and work schedule (overtime, weekend and Holiday work, etc.) to be employed by the Contractor in order to remove or arrest the delay to the critical path in the accepted Project Schedule, and the Contractor shall promptly provide such level-of-effort at no additional cost to the Owner. In addition, should schedule delays persist, the Contractor's Surety will be asked to attend meetings to update the Project Schedule.
- E. Should it be deemed necessary, in the Owner's sole discretion, that delays or incomplete Work have warranted the use of outside sources to arrest a delay or to complete incomplete Work, the Owner has the right to back-charge the Contractor for all costs incurred by the Owner in the use of outside sources.

10.7 **WEATHER DELAYS:** Unusually severe weather conditions which prevent or inhibit the Contractor's performance of the Work are referred to in this Section 10.5 as "Inclement Weather" and are more specifically defined below. The Contract Period may be adjusted to account for Inclement Weather, but only if (i) there has been strict compliance by Contractor with all Claims submission requirements and other requirements of the Contract Documents related to time extensions; (ii) the delay asserted is shown by the Contractor to be the sole cause of lengthening the longest critical path indicated on the Project Schedule in effect during the period of such alleged delay, and (iii) the following definition of "Inclement Weather" is satisfied:

- A. Inclement Weather is defined as the occurrence of one or more of the following conditions within a twenty-four (24) hour period that prevents Work shown on the Construction Schedule as planned for performance at that time which is directly affected by such weather conditions or by impact on access to the Site:
 - 1. Precipitation (rain, snow, or ice) in excess of one-tenth inch (0.10") liquid measure.
 - 2. Temperatures that do not rise above that required for the Day's planned Work, if such temperature requirement is specified or accepted as standard industry practice.
 - 3. Sustained wind in excess of twenty-five (25) m.p.h.
- B. Inclement Weather may include, if appropriate, "dry-out" or "mud" days:
 - 1. Resulting from precipitation Days that occur beyond the Monthly Assumed Inclement Weather Days;
 - 2. Only if there is a hindrance to planned Work and the Contractor has taken all reasonable accommodations to avoid such hindrance; and,
 - 3. At a rate no greater than one (1) Day for each Day that has precipitation in the amount of 1.0 inch or more, liquid measure, but if there is precipitation on consecutive Days

which totals 1.0 inch or more, liquid measure, only one (1) Day may be included for those consecutive Days.

- C. Monthly Assumed Inclement Weather Days also are herein referred to as the Standard Baseline. The Standard Baseline for purposes of factoring the Monthly Assumed Inclement Weather Days into the Project Schedule is four calendar days per month. Standard Baseline Inclement Weather is included in the Work, is to be included in the Project Schedule, and shall not form any basis for an extension of Contract Time. The Standard Baseline is not cumulative. Any portion of the Standard Baseline not applied to an Inclement Weather delay approved by APS in any month shall not be carried forward to any subsequent month.
- D. In accordance with Paragraph 10.3 above, as a condition precedent to consideration of or entitlement to any Inclement Weather time extension, the Contractor shall:
1. Notify the Owner's Representative, the Owner's Project Manager, and the Procurement Agent in writing of the occurrence of Inclement Weather within forty-eight hours after the onset of such Inclement Weather. Such Notice shall identify itself as a Notice of Claim for Inclement Weather delay, shall describe in reasonable detail the type of Inclement Weather encountered by the Contractor and the activities on the longest critical path on the Project Schedule thereby interfered with or interrupted, and shall estimate the duration of the delay and of the extension requested.
 2. Submit to the Owner's Representative a statement of the actual time extension requested in strict compliance with Paragraph 10.3.A(2) above.
 3. For purposes of any Claim for delay based on Inclement Weather, each Inclement Weather Day Claimed shall constitute a separate occurrence and the Contractor shall comply with the foregoing Claim submittal requirements for each Day of Inclement Weather claimed.
 4. Compliance with the foregoing conditions precedent shall not of itself establish entitlement to a time extension for Inclement Weather but failure to comply shall be a bar to any such time extension.
- E. If the basis for an extension of time for Inclement Weather is established in accordance with all Claim submittal requirements, an extension of time on the basis of Inclement Weather may be granted only for the number of Inclement Weather Delay Days in excess of the Standard Baseline for the month of the occurrence.
1. Any request for an extension of time on the basis of Inclement Weather MUST prove impact to activities on the longest critical path of the Project Schedule in effect at the time of the occurrence.
 2. Inclement Weather may support a time extension only if Inclement Weather prevents planned Work for fifty percent (50%) or more of the Contractor's scheduled work Day, longest critical path construction activities were included in the Day's schedule, and performance of that Work was directly impacted by the Inclement Weather.
 3. Should the Contractor be granted an extension of time on the basis of Inclement Weather, the Owner may or may not elect to use any of the Owner Float described in Paragraph 10.3 in lieu of granting a time extension.

PART 11 PAYMENTS AND COMPLETION

For the Contractor's complete performance of the Work, the Owner agrees to pay, and the Contractor agrees to accept, subject to the terms and conditions hereof, the Contract Sum, plus the amount required to be paid for Extra Work approved under General Conditions Part 9 CHANGES IN THE WORK, ACTUAL OR ASSERTED Paragraph 9.2, less credit for any work omitted pursuant to General Conditions Part 9 CHANGES IN THE WORK, ACTUAL OR ASSERTED Paragraph 9.3, and any other credits or offsets, including reimbursements or Liquidated Damages to which the Owner is entitled.

- C. No payment other than the amount awarded will be made for any class of Work included in a lump sum Contract item or a unit price Contract item, unless specific provision is made therefore in the Contract Documents.

11.2 SUBMISSION OF SCHEDULE OF VALUES:

Contractor shall organize and provide detail on the Schedule of Values in a manner acceptable to the Owner as set forth in Specifications Section 01 2900. The Schedule of Values, once accepted by the Owner's Representative, may be used for verifying the Contractor's applications for partial payments hereunder but shall not be binding upon the Owner for any purpose whatsoever.

11.3 APPLICATION FOR PAYMENT:

- A. Satisfaction of all requirements for an application for payment set forth in the Contract Documents is a condition precedent to any obligation of Owner to make any payment to Contractor.
- B. The Contractor must submit applications for payment using AIA Document G702 - Application and Certificate for Payment. Affidavits from each Subcontractor verifying receipt of payments of amounts billed in the previous payment request must accompany each application for payment.
- C. Upon the request of the Owner's Representative, the Contractor shall give the Owner a statement that no employee of the Owner has received or has been promised, directly or indirectly, any financial benefit, by way of a fee, commission, finder's fee or in any other manner, remuneration arising from or directly or indirectly related to this Contract. Claremont Immersion Security Vestibule Renovation

- A. On or about the first of each month, the Contractor shall make and certify an estimate of the amount and fair value of the Work performed consistent with the Schedule of Values and any approved Modifications and may apply for partial payment therefore. The Owner's Representative shall revise the estimate to show the value of Work completed in accordance with the Owner's Representative's observation of the Work and knowledge, information and belief. The Contractor agrees to be bound by the Owner's Representative's revisions to the applications for partial payment.
- B. Whenever the monthly estimate, after approval by the Owner's Representative, shows that the value of the Work approved for payment during the previous month exceeds \$1,000.00, the Owner's Representative will certify the Contractor's Application and Certificate for Payment for such Work. Such Application and Certificate for Payment as approved by the Owner's Representative will authorize payment by the Owner in an amount equal to the value of the Work performed less any sums retained or deducted by the Owner under the terms of the Contract Documents, and less retainage of five (5) percent of payments approved.
- C. An Application and Certificate for Payment shall not be considered received by the Owner unless accompanied by the following:
 - 1. An affidavit that payrolls, bills for materials and equipment, Subcontractors invoices, and all other indebtedness in connection with amounts paid by the Owner to the Contractor under previous Application and Certificates for Payment have been paid and otherwise satisfied; and
 - 2. All construction photos as required by Specifications Section 01 3200; and

- D. Within forty-five (45) days after receipt of each approved Application and Certificate for Payment, the Owner shall pay the Contractor in accordance with the applicable Certificate and the Contract Documents.
- E. Unless otherwise provided herein, no payment will be made for any materials or equipment supplied hereunder before they are:
 - 1. Incorporated in the Work in a permanent manner required by the Contract Documents,
 - 2. Properly stored at the site of the Project, or
 - 3. Properly insured and stored in a bonded warehouse to the satisfaction of the Owner.
- F. The cost of equipment and non-perishables delivered and stored only at the Project Site and tested for adequacy may be included in the Contractor's Application and Certificate for Payment; provided, however, that the Contractor shall furnish written evidence satisfactory to the Owner that the Contractor has clear title to such materials or equipment at the time of payment therefore by the Owner and that such equipment is being stored and maintained in accordance with the Contract Documents and the Specification's recommendations. The amount to be paid by the Owner for such equipment and non-perishables will be 100 percent (100%) of the invoice cost to the Contractor as supported by receipted bills, less the specified retainage. Such payment shall not relieve the Contractor of full responsibility for completion of the Work and for protection of materials and equipment until incorporated in the Work in a permanent manner as required by the Contract Documents.

- G. Before any payment will be made under this Contract, the Contractor and every Subcontractor, if required, shall deliver to the Owner's Representative a written, verified statement, in satisfactory form, showing in detail all amounts then due and unpaid by the Contractor to all laborers, workers, and mechanics, employed under the Contract for the performance of the Work at the Project Site, for daily or weekly wages, or to other persons for materials, equipment, or for supplies delivered at the Project Site during the period covered by the payment request.

11.5 DELAYED PAYMENTS:

- A. Owner may withhold payment to such an extent as may be necessary in the opinion of the Owner in consultation with the Owner's Representatives to protect the Owner due to loss because of:
1. Defective work not remedied,

 3. Failure of the Contractor to make payments properly to Subcontractors or for labor, materials or equipment,
 4. Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum,

 9. Liability, damage, or loss due to injury to persons or damages to the Work or property of Separate Contractors, or subcontractors or sub-subcontractors of Separate Contractors, caused by the act or neglect of the Contractor of any of its Subcontractors or Sub-Subcontractors.
- B. The Owner shall have the right, as an authorized representative for the Contractor and without the Surety's consent, to apply any such amounts so withheld in such manner as the Owner may deem proper to satisfy such claims or to secure such protection. The application of these amounts shall be deemed payments for the account of the Contractor and shall reduce the Owner's obligation to the Contractor accordingly. The Contractor may not stop Work as a result of any payment or portion thereof being withheld in accordance with the Contract Documents. If Contractor does order Work stopped, or if the Work is stopped in whole or in part as a result thereof, the Contractor shall be wholly and solely liable for any damages from delay, or otherwise, which may arise because of such stoppage.

12.2. CONTRACTOR REQUEST FOR SUBSTANTIAL COMPLETION:

If there are items on the Consolidated Punch List which preclude the Owner's

The Consolidated Punch List may be revised from time to time to identify additional incomplete items as they are discovered.

Upon receipt of Contractor's request for approval of Substantial Completion, the Owner and Owner's Representative will either proceed with inspection or advise the Contractor of pre-requisites not fulfilled which do not require an inspection of the Work. Within fourteen (14) days after all pre-requisites which do not require an inspection of the Work have been fulfilled, the Owner's Representative will inspect the Work and will either prepare the Certificate of Substantial Completion or submit to Contractor the Owner's Punch List and the Consolidated Punch List. Contractor shall remedy the deficiencies in the Work and shall send to the Owner and Owner's Representative a second written notice of Substantial Completion. - B. Upon written notification by the Contractor that the Work is Finally Complete, and upon the Contractor's submission of a final Application and Certificate for Payment, the Owner's Representative will conduct a final inspection of the Work. If the Owner's Representative determines that the Work is not Finally Complete, an updated Final Completion Punch List will be issued to Contractor. Contractor may request a second inspection when Contractor deems the Final Completion Punch List to have been completed. If the Certificate of Final Completion is not issued following the second inspection, the Contractor shall pay the Owner any amounts paid to the Owner's Representative (Architect and Construction Manager) and other third-party consultants for any additional inspections until the Certificate of Final Completion is issued. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner, in its sole and absolute discretion, sufficient to indemnify the Owner against any claim or lien. If any such claim or lien remains unsatisfied after payments are made, the Contractor shall pay to the Owner all money that the Owner may be compelled to pay in discharging such claim or lien, including all costs associated therewith, including reasonable attorneys' fees. Provided, however, that nothing herein shall be deemed a waiver by the Owner of its sovereign immunity from mechanic's liens.

15.2 CONTRACTOR'S ACCEPTANCE OF FINAL PAYMENT: The Contractor's acceptance of final payment constitutes a waiver of all Claims against the Owner in connection with the Project, except for any Claims for additional payment or for extension of the Contract Time previously submitted in strict compliance with the Claims submission requirements of the Contract Documents and not finally resolved. If at the time Contractor requests Final Payment there are Claims pending which were submitted in strict compliance with the Claims submission requirements of the Contract Documents, the Owner may pay undisputed portions of the Final Application and Certificate for Payment as if it were an Application and Certificate for Partial Payment. No payment, final or otherwise, shall operate to release the Contractor, or its Surety, from any obligations under the Contract.

3. These bonds shall be issued and countersigned by a local authorized representative of such surety company who maintains a resident place of business in the Commonwealth of Virginia, regularly commissioned and licensed in the Commonwealth and producing satisfactory evidence of the authority of the person or persons executing the bonds to execute them on behalf of the Surety. The Performance and Labor and Material Payment Bonds shall serve as security for the faithful performance of this Contract, and for the payment of all persons performing labor and furnishing materials and services in connection with this Contract consistent with the requirements of the Virginia Public Procurement Act. The premiums on the Performance and Labor and Material Payment Bonds shall be paid by the Contractor and shall be included in the Contract Sum. 19.1 UNCOVERING OF WORK:

- A. If a portion of the Work is covered contrary to the Owner's Representatives' request or to the requirements contained in the Contract Documents, the Contractor shall, at its own expense and upon the written request of the Owner's Representative, uncover and replace such Work without an adjustment to the Contract Sum or Contract Time.

Any costs incurred in connection with completing or correcting the Work shall be deducted from the amounts then or thereafter due the Contractor. In the event such amounts are not sufficient to cover the costs incurred in connection with completing or correcting the Work, the Contractor and its Surety shall pay to the Owner the amount of any deficiency.
- 21.4 **PARTIAL DEFAULT:** In the event the Owner declares the Contractor in default in accordance with the provisions of the Contract Documents with respect to a portion of the Work, the Contractor shall discontinue such portion of the Work declared in default, shall continue performing the remainder of the Work in strict conformity with the terms of the Contract and shall not hinder or interfere with any Separate Contractor or persons whom the Owner may engage to complete the Work for which the Contractor was declared in default.
