Programming students code robots

7th grade students in Amna Ali's Computer Programming class worked together to code Sphero robots to practice their programming skills.

ACC students attend SkillsUSA competition

Students from Arlington Career Center participated in the SkillsUSA competition. Kevin Castillo finished first in the regional event against Edison Academy.

The contest consisted of a 3-hour build and 1-hour journeyman level code test. Kevin will represent ACC in Virginia Beach in April for the State SkillsUSA competition.

High School students attend FBLA State Competition

Students from Yorktown, Washington Liberty and Wakefield competed against students from Falls Church, Alexandria and Fairfax schools at the FBLA regional competition at Edison High School in Fairfax, VA. Of those that competed,

17 students qualified for the state competition in April. There were multiple 1st, 2nd and 3rd place winners in various categories, such as Introduction to Business Communication, Graphic Design and Hospitality and Event Management, among others.
