<p>Tier 1:</p> <ul style="list-style-type: none"> - dedicated science word walls/glossary in each classroom that are placed in a visible location in the classroom and accessible to students throughout the lesson - ensure SWD participate in GenEd setting with support as needed (co-teaching with EL or SpEd teachers if required) - utilize community partners to provide authentic science experiments aligned to our science standards of learning - Enhance quarterly planning meetings for Grades 4 and 5 Science CLT and central office Science Specialist to include modeling of effective use of data to drive instructional decisions - Create structured opportunities for Science CLT's co-plan with EL, SPED, and RTG to develop lessons that differentiate instruction to meet and appropriately challenge all students - Work collaboratively with the Elementary Science Specialist to develop and implement professional learning for staff on lesson development that explicitly address the VDOE K-5 Science curriculum framework for both content and cognition as well as vocabulary development, differentiation, and connection to the 5Cs - Develop a professional learning plan focused on lesson planning and instructional delivery to explicitly address the needs of diverse learners for the teachers participating in the Science CLT -Teachers utilize and implement science curriculum, pacing guides, and instructional materials that are provided by the Science Office via a Google Site. Primary instructional materials are STEMscopes, BrainPop, Legends of Learning, Generation Genius that are aligned to the VDOE grade level Science standards. -Teachers utilize and implement division developed unit and middle of year assessments that are administered through Mastery Connect. The unit assessments are aligned to the VDOE grade level Science standards. -Utilize CLT structure to develop interdisciplinarily units to support integration of Science standards across content. Engineering is Elementary (EIE) resources will be utilized to support interdisciplinary instruction in several units within the VDOE grade level standards. Each grade level team will implement 3 interdisciplinary units. -Develop a Master Schedule with dedicated time for Science instruction in each grade level. At least 2.5 hrs/weeks on average. (30 min daily K-3, 45 min daily 4-5) -Incorporate family engagement opportunities (e.g. Family Science night, monthly STEM challenge with incentives, science corner in teachers monthly newsletter, solicit parent volunteers for science activities) to reinforce learning 	<p align="center">2, 3</p>		<p align="center">4 Sept-June, Ongoing</p>	<p align="center">Admin, All Staff</p>	<p>Principal & AP's with support with Science Office will monitor by conducting walkthroughs and observations and attending CLTs.</p>
