

“Where’s the Bus®”

Mornings are hectic and sometimes stressful as you get ready for work and prepare your kids for school. Add to that a late bus, or a bus that’s so early you don’t even realize it’s come and gone. Are you tired of wondering when the school bus is going to arrive? Where’s the Bus® is a school bus tracking app that is revolutionizing morning routines for parents and students by giving them real-time bus location and alerts to get them to the bus stop on time. No more standing in the sweltering heat, freezing cold, or pouring rain, wondering where the school bus is and when it will arrive. And no more being late for or missing the bus all-together. If you don’t have a smartphone or tablet, don’t worry. You can still reap the benefits of the Where’s the Bus® (<https://www.wheresthebus.com>) website on a laptop or desktop computer. Choose Parents and set up an account.

To receive the **WheresTheBus** app, create your APS parent [WheresTheBus cloud account](#). Click on Create Account and select Arlington Public Schools, VA, as your school district. Follow the steps to add your student. You can then download the WheresTheBus app from the App Store (iOS / Apple) or Google Play (Android).

The **WheresTheBus** app is free to APS households, simple, and takes less than 5 minutes. To sign up:

With Where’s the Bus®, you won’t have to wonder where your child’s bus is. You’ll KNOW! From your computer go to:

1. <https://wheresthebus.com/>
2. Click on the left-hand side to set up an account. Read the fine print directions on the webpage.
3. Use the drop-down menu to select “Arlington Public Schools (VA)”
4. Enter your information.
5. Enter your student’s information and student ID number. If you have other students in the household, you can enter them using the same logon.
6. Confirm these are your students and you’re ready to go!!

WheresTheBus™ lets you know precisely when your bus will arrive at your bus stop, providing up-to-the-minute arrival time and bus location information.

- Access WheresTheBus™ from any Internet enabled device (smartphone, tablet, PC, iPod).
- Apple iOS and Android apps are available.
- Avoid the weather and wait for the bus in the comfort of your own home.
- Eliminate the stress of rushing to the bus stop and wondering where the bus is.
