Free Programs for Arlington Public Schools Families School Year 2025

Technology for parents/adults

What is it?

A bilingual computer and smartphone training program for adults, designed to help parents develop essential technology skills for work and effective communication with schools.

Program Goals:

- Learn how to use email to connect with teachers, counselors, and school administrators.
- Build technology skills to support job searches and strengthen family stability.

Language: Spanish with integrated English vocabulary.

Schedule: Meets once a week for six weeks. Contact the school for specific dates and details.
