

## School Board Advisory Committee Working Group

### Transition Plan

#### Existing Members

Proposed transition for individuals serving on a School Board Advisory Committee in SY 2025-26	Feedback	Final
<p>Advisory group members serving on a committee in 2025-26 will need to complete the application if they are interested in serving on one of the new advisory councils that will convene SY 2026-27.</p> <p>Appointments for SY 2025-26 were for one year only.</p>	<p>I support this, and I hope we can add some intentional effort to encourage current advisory group members to apply for the new councils – I think it's important to have both new voices and those with institutional knowledge on the new councils. +1 +1</p>	
<p>For current advisory group members, time served on advisory committees does not carry over to term limits for the new advisory councils that will convene in SY 2026-27. Everyone has a fresh start.</p>	<p>I like this. +1</p>	

## Current Committees

Current Committees	Proposed transition	Comments/Feedback	FINAL
Advisory Council on Teaching & Learning	Scope and purpose is incorporated into the <b>Academics Advisory Council</b>		
Budget Advisory Council	No longer a stand alone council but instead each of the five proposed Advisory Councils will include a Budget representative that can be a parent, community member or subject matter expert	<b>Erik:</b> Taking the BAC out of the committee list is a BIG change. And I think that there will be concerns about not having it. I think one of the way to alleviate some of those concerns would be to have the transition plan include a quarterly meeting of the budget reps for each committee to get together to share what's going on in each committee, share best practices and identify what's working & what's not working. I think the SB will want this info to course correct if necessary (along with a cross-committee perspective on broader budget topics. E.g., proposed guidelines for the use of reserves). Not sure if this would be needed permanently, but I think it will be critical for	

		the transition give how new this approach is.	
Facilities Advisory Council	Scope and purpose is incorporated into the <b>Operations Advisory Council</b>		
School Health Advisory Board (SHAB)	Scope and purpose is incorporated into the <b>Health and Wellness Advisory Council</b>		
Arlington Special Education Advisory Committee (ASEAC)	Committee remains a standing committee with a minor name change only: replacing “committee” with “council”		

**Subcommittees (TABLED UNTIL FALL following Community Feedback Sept-Oct 2025)**

<b>Current</b>	<b>Proposed</b>	<b>Feedback</b>	<b>Final</b>
1. Advanced Academics & Talent Development			
2. Arts			
3. Career, Technical & Adult Education (CTAE)
