E **ENGAGE** with your teacher first!
Ask before using AI. Know when it's
okay—and when it's not.

AI can help, but your ideas should lead
the way. Double check all AI outputs.

E **EXPRESS** yourself clearly!
Let your voice shine. Don't let AI
speak for you.

R **RESPECT** the rules & use approved
tools. Be honest & follow classroom
guidelines. "No AI use" is the default.

AI is just a tool. You're the thinker,
the creator, the decision-maker.
