# Guidelines for Approved GenAI Use

❌ The task must be completed using your own thinking — **no** AI tools allowed.

⚠️ You may use a teacher-assigned AI tool, but only with permission and guidance.

✅ You may use approved AI tools with your teacher's permission to support your learning.

Be Original. Be Responsible. Be a Digital Citizen.

❌ Examples: tests & quizzes, tasks/assignments that require your own critical or creative thinking

⚠️ Examples: data analysis, drafting outline or brainstorming Requires AI citation: MLA & APA

✅ Example: multilingual infographic with AI generated images & translation - Requires AI citation: MLA & APA

The use of AI is a **partnership** between the teacher & student. *AI outputs are **never** a final product.*
