Information Services - Action Plan - SY 2025-26 - SY 2027-28 Business Officer: Andy Hawkins - Asst. Superintendent F&O: Raj Adusumilli					
Average time to replace ALL students non-functional devices not to exceed 24 hours from the time reported.					
Strategic Plan Goal Area	Operational Excellence				
Strategic Plan Performance Objectives	PO-OE-4-By 2030, APS technology systems and operational services will be functional and available for use by students, staff, and community 99.9% of the year.				
2024-25 Baseline Data Baseline Data Conversely a students devices that are reported to be not functional purposes were replaced within twenty four (one day) of the time they are reported. Student Success and Instructional practices need a fully functional device (iPad/Laptop) for students at all times.					
3 Year Performance Goal					

By June 2028, at least 90% devices that are reported to be not functional for instructional purposes will be replaced within twenty four (one day) of the time they are reported.

Annual Performance Goal Year 1 (2025-26) By June 2026, at least 80% devices that are reported to be not functional for instructional purposes will be replaced within time they are reported. By June 2027, at least 85% devices that are reported to be not functional for instructional purposes will be replaced within time they are reported. Annual Performance Goal Year 3 (2027-28) By June 2028, at least 90% devices that are reported to be not functional for instructional purposes will be replaced within time they are reported. Strategic Plan Strategies S-OE-4.1-Implement processes for the review and deployment of new instructional and operational technologies to ensure and efficiency with APS business and instructional systems. S-OE-4.3-Establish and improve processes to ensure students and staff have consistent and equitable access to instruct facilitating quality teaching and learning. Action Steps Action Steps Timeline Responsible Accountal IS will enhance our service metrics by implementing a timestamp system for requests. This will accurately track the time elapsed from the reporting of an issue to the resolution, ensuring students are promptly provided with a working device. IS will monitor and review the average time by building and for the district on a monthly basis and do either fishbone analysis or time tracking analysis to identify efficiencies and tweak annual processes to improve turn around time of a student being setup with a fully functional device to ensure continuity of instruction.						
Annual Performance Goal Year 2 (2026-27) By June 2027, at least 85% devices that are reported to be not functional for instructional purposes will be replaced within time they are reported. By June 2028, at least 90% devices that are reported to be not functional for instructional purposes will be replaced within time they are reported. Strategic Plan Strategies S-OE-4.1-Implement processes for the review and deployment of new instructional and operational technologies to ensu and efficiency with APS business and instructional systems.
