Goals of the Office

Digital Pedagogy & Impact for Students

Digital Andragogy & Impact for System
and Educators

Resource Acquisition and Review

**Student
Success &
Well-Being**

The Office of Educational Technology's responsibility is to make content accessible for all students and to create opportunities for students that are developmentally appropriate, culturally relevant, and real-world applicable.

"Teachers need to integrate technology seamlessly into the curriculum instead of viewing it as an add-on, an afterthought, or an event." ~Heidi Hayes Jacob

Student Success & Well-Being

Students

- Transform student learning through engaging, relevant, and real-world problem-solving skills

Workforce

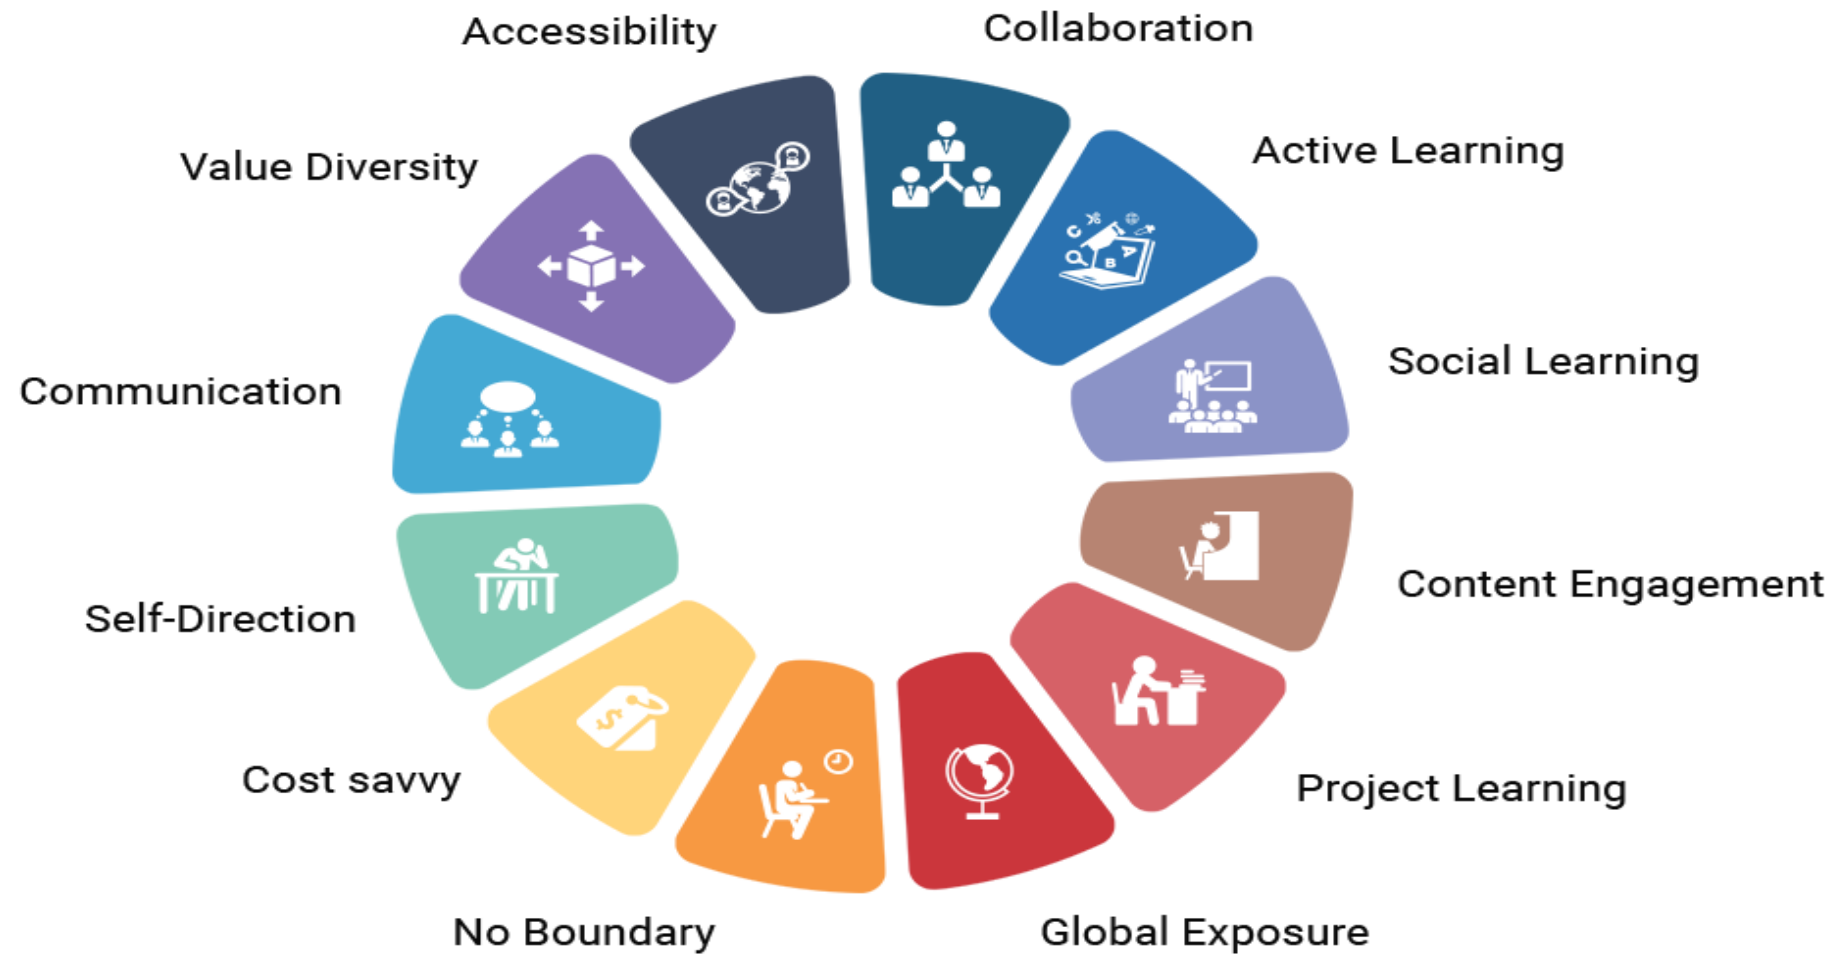

- Reduce teacher burden through coaching cycle
- Collaborate with teachers to improve student outcomes

Systems

- Deliberate, focused integration of Educational Technology

**Student
Success &
Well-Being**

Student Success & Well-Being

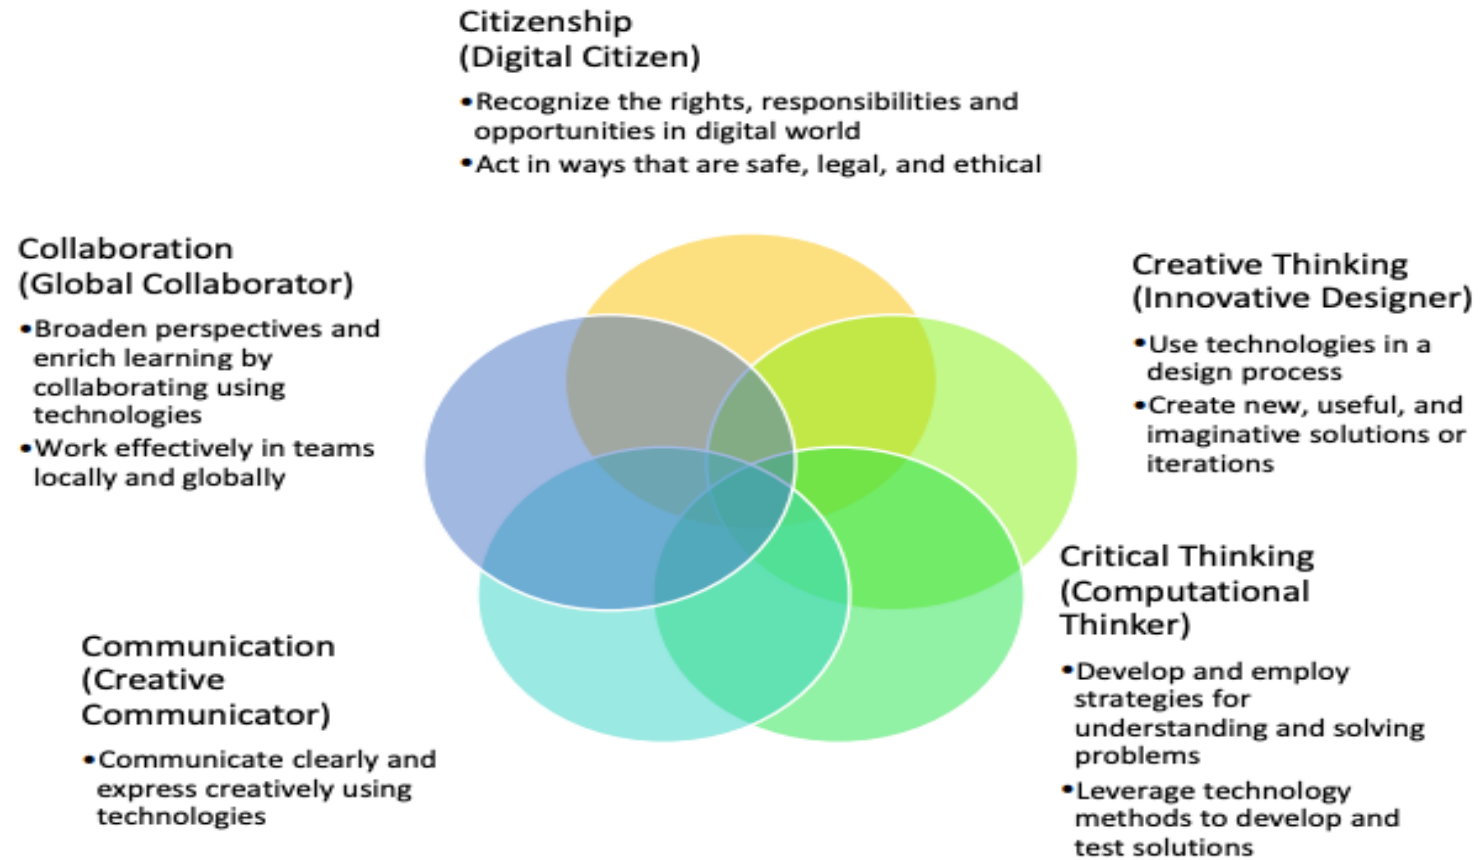

Figure 1: Visual representation of five of the seven Digital Learning Integration Content Strands aligned to the Profile of a Virginia Graduate.

Student Success & Well-Being

Providing opportunities for students to transform learning through engaging in relevant problem-solving using real-world applications.

Build digital agency through digital Pedagogy strategies.

Collaborate with educators systemwide to improve student outcomes to excel beyond the Profile of a Virginia Graduate.

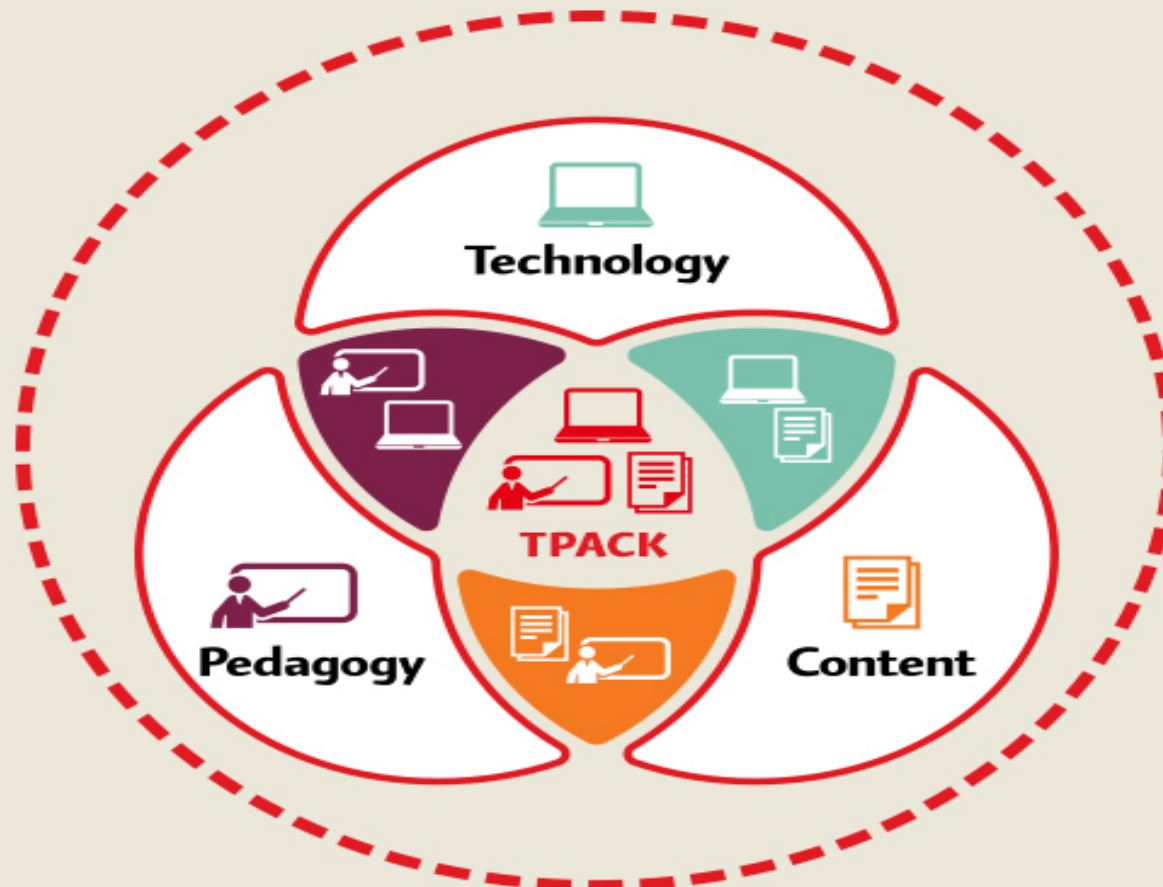

Engaged Workforce

“To be digitally literate means one can use technology to its fullest effect - efficiently, effectively and ethically – to meet information needs in personal, civic and professional lives.”
