¹ Five-year-old Montessori students are reported in Kindergarten.

² Does not include community-based students who are registered at their home schools as dual-enrollees.

³ The Early Childhood Programs at the Grace Hopper Center and Yorktown High School serve as lab preschool classrooms, providing a unique, hands-on learning environment for high school students enrolled in Early Childhood Education courses.

⁴ PreK SPED classes are in Integration Station as placeholders for the upcoming Fiscal Year. Integration Station is housed outside of APS with community PreK partners.

⁵ Schools that accept enrollment through a lottery process can also include students from the Secondary Program for Students with Autism (Grade 6 to 12) and H.S. HILT students (English Learners) enter through the year (Grade 9 to 12). H-B Woodlawn is an example of such a school.

⁶ Grace Hopper Center full-time students include Arlington Tech, English Learner Institute, the Academy, & Program for Employment Preparedness (PEP) according to the Grace Hopper Educational Specifications approved on April 28, 2022. Part-time students are included at their neighborhood school.

⁷ Langston and Arlington Community membership does not include students over 20 years old. The above projections do not include the adult students at Arlington Community and at Langston.

⁸ The incoming K enrollment for elementary option school/programs are the same as the K enrollment in the Spring 2026 Enrollment Management Plan.

All Arlington Public Schools (APS) budget and operations decisions are based on the best information available at the time. Staff and community members are reminded that funding forecasts from Arlington County and the state may change, based on many external factors. Similarly, student enrollment and projections are based on the best available information, but are also subject to change due to employment, housing and other economic factors. For these reasons, APS and the Arlington School Board may adjust future budget allocations, staffing and other operations decisions to reflect the existing community and operating landscape.
